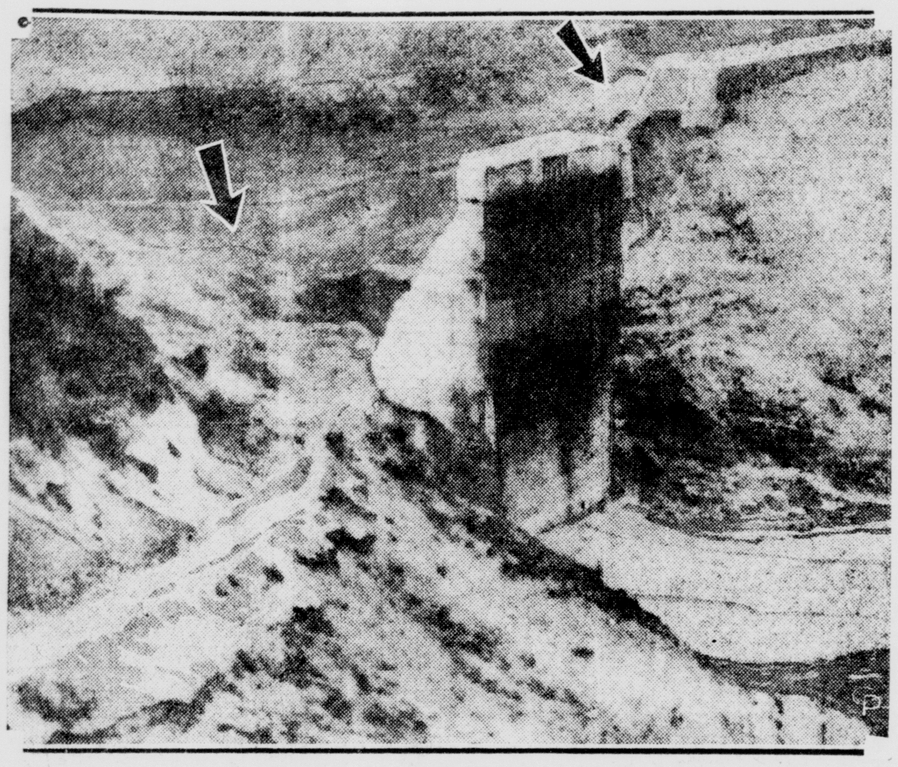
CALIFORNIA DAM DISASTER DEATH TOLL NEAR 500

Birdseye View Of Death Dealing Dam



Central Press telephoto, showing birdseye view of entire wrecked structure of the huge St. Francis Dam, California, showing how the great concrete slabs were swept aside by torrents of rushing reservoir water pouring into the canyon beyond, carrying death and destruction. Arrows point to break. Photographer had to reach scene by airplane, all roads being washed out. Photo looks down stream.

Death Toll Grows In Santa Clara Valley Disaster

Estimate 500 Lives Lost In Flood Following Break In Dam

PROPERTY LOSS IS TWELVE MILLIONS

Relief Work Under Way; Take Bodies To Improvised Morgues

SANTA PAULA, Cal., March 14.—The death list will total 250 persons in Ventura county alone as a result of the break in St. Francis dam early Tuesday morning, according to Under-Sheriff Howard Durley, who said he found the entire Mexican quarter of Santa Paula had been swept away by the flood.

Toll Near 500

LOS ANGELES, March 14.—While hundreds of grief-stricken and hysterical relatives stormed crude morgues in half a dozen towns in the Santa Clara valley today seeking loved ones, the death toll in the San Francisquito canyon dam disaster mounted to 500 estimated dead and $12,000,000 property loss.

"We already know of some 250 dead in various sections of the valley," said Under-Sheriff Eugene Biscailuz, in charge of the Newhall-Saugus sector, "and we expect to find that many more when we start digging in the mud and silt. All we did yesterday was to pick up bodies which were in sight along the river bank."

Horror Is Revealed

Hour by hour a new horror attending the disaster was revealed as relief work got under way and drastic sanitary measures were enforced to halt possible pestilence.

Governor C. C. Young, who arrived at Santa Paula late yesterday expected to remain there today to advise and assist in relief work.

"As great as was the calamity, there

Report Titled Girl In Surprise Ocean Hop

Reports are that Honorable Elsie MacKay, third daughter of the millionaire Viscount Inchcape of England, is on the flight attempt with Captain W. R. Hinchcliffe, war veteran, in his effort to cross the Atlantic. The report caused astonishment, although not surprise, for the Hon. Elsie was one of the first English women to obtain a pilot's certificate. She is shown above in dinner gown and in aviation costume. Captain Hinchcliffe is shown in the center.

Capt. Hinchcliffe And Woman Flier Are Feared Lost

No Word Of Transatlantic Plane For More Than Thirty Hours

HON. ELSIE MACKAY MYSTERY PASSENGER

Woman Accompanying Hinchcliffe On Daring Hop Over Atlantic

LONDON, March 14.—(2:45 p. m.)—Thirty hours have now elapsed since Capt. Hinchcliffe and his "mystery passenger" hopped off at Cranwell airdrome on a transatlantic flight to America, and the absence of any definite news as to the plane's whereabouts is giving rise to anxiety.

Even allowing for strong headwinds over the North Atlantic, it was estimated that Hinchcliffe's American built monoplane should have reached the Newfoundland coast by early this afternoon.

Greatly Worried

Harvey Lloyd, Hinchcliffe's London agent, frankly admitted that he was greatly worried over the absence of news.

It is virtually established that Hinchcliffe's passenger is the Hon. Elsie Mackay, daughter of Lord Inchcape, wealthy shipping magnate. Members of the family admitted that they now believe Miss Mackay hopped off with Hinchcliffe in hope of gaining the distinction of being the first woman to fly over the Atlantic.

"We cannot believe that Elsie is hiding and is playing a practical joke upon us," said Mrs. Alexander Shaw, sister of Miss Mackay. "We must accept the evidence that she has gone with Capt. Hinchcliffe."

It was learned that Miss Mackay recently made secret preparations for a visit to America, either by plane or steamship. She had a passport made out to herself and a visa obtained from the United States consul in London.

Hope Early Today

NEW YORK, March 14.—Determined to be the first fliers to span the northern Atlantic in an east to west flight, Captain Walter R. Hinchcliffe, intrepid British "ace" and the Hon. Elsie Mackay, daughter of Lord Inchcape, early today were believed to be winging their way towards America in the golden winger Stinson monoplane in which they hopped off from Cranwell airdrome, England at 8:40 a. m. yesterday.

According to a dispatch from Halifax, N. S., the plane should be nearing the coast of Newfoundland this morning.

The Halifax Dispatch stated that

Sisler and Hornsby Refuse to Settle Dispute for Will

(Special To The News)

ST. PETERSBURG, Fla., March 13.—Everybody used to argue over who was the greatest ball player—Sisler or Hornsby.

Well, I saw them play against each other today, nine innings, nothing to nothing. The Braves have a great team and so have Washington.

Everybody in shirt sleeves and straw hats, and think, it's snowing up north.

PA NEWC OBSERVES

New Castle street department got some unexpected help last night. The terrific downpour of rain that lasted for several hours, aided in cleaning off many of the paved streets. Likewise dirt was washed down on some others that will have to be removed.

Once again Lawrence county has been accorded a notable recognition. Camp Phillips, Boy Scout camp, along the Slippery Rock, has been selected as the site for the big Western Pennsylvania camporee that will bring a thousand lads together in June from cities all over this end of the state. When Lee Calahan presented the advantages of Camp Phillips to the board in charge, at Pittsburgh, there was no question as to what city would get the gathering. Camp Phillips is regarded as one of the finest boy scout camps in the entire country.

Business is improving! This is the report that is being received generally from many points of the state and nation. This also is the fact in New Castle, and Lawrence county.

New Castle Lions have the right spirit. They are organizing to bring the state convention of the organization to New Castle, and expect to be successful. New Castle has facilities for caring for the convention, and will be pleased to act as host.

Are they playing golf yet? is the cry that was heard on every side yes-

MANY OF 225 BODIES NOT YET IDENTIFIED

Pestilence Is Threatened In Dam Disaster

Grim Spectre Of Pestilence Hovers Over Area Of California Hit By Flood

THREE HUNDRED STILL MISSING

Estimate Damage To Thriving District At $10,000,000; Relief Work Rushed

By ARTHUR L. MAREK
International News Service Staff Correspondent

LOS ANGELES, March 14.—The spectre of pestilence hovered over flood devastated Santa Clara Valley today as an army of relief workers, worn and saddened by the grim spectacle of the last 24 hours returned to their task of recounting the dead and taking stock of losses in the St. Francis Dam catastrophe.

When the sun sank below the horizon of the Pacific last night, the bodies of more than 200 victims, caught in the avalanche of flood waters which poured through the shattered ramparts of St. Francis Dam, tumbling down San Francisquito Canyon and the broad valley below and on to the ocean, lay in improvised morgues which dotted the desolate area.

Three Hundred Missing

More than 300 other persons, driven from their homes or caught like rats in a trap by the onrushing waters were still missing.

Property damage caused by the disaster which laid waste to thriving farms and trim orchards was estimated at in excess of $10,000,000.

Meanwhile, three separate investigations were under way to determine the cause of the break in the huge dam which unleashed 10,000,000,000 gallons of impounded water to carry death and destruction on the crest of its flood.

Although medical authorities saw little possibility of pestilent diseases taking a grip on the flood survivors, sanitary measures were adopted immediately to prevent a further death toll in the stricken area.

Governor On Scene

(International News Service)

NEWHALL, Cal., March 14.—The flood desolated valleys of San Francisquito and Santa Paula rested in sheer exhaustion today from their twin tasks of search and salvage, following yesterday morning's disaster.

Through a day black with the double horror of death and ruin, thousands of workers had started to tally the cost of the breaking of the St. Francis dam. And when eyes sick with scenes of tragedy, bodies weary with the toil of hunt and despair, hearts tired with the weight of grief, welcomed darkness, these things stood out:

In hastily improvised morgues in a dozen towns and hamlets from mountains to the sea, some 225 bodies lay, most of them still awaiting identification.

Many scores of unfortunates still missing, many of them certainly buried beneath tons of mud and debris that swirled down the canyon with those 12 billion gallons of water from the broken dam. The number of missing is variously estimated at from 300 to 1,000.

Property damage probably reaching $10,000,000.

Hundreds of ranch homes and town dwellings washed away; the $2,750,000 St. Francis dam and spillway and power house No. 2 of the Los Angeles Bureau of Power and Light gone; orchards, groves, ranches, business places, all swept into one mad jumble of wreckage and desolation; thousands of acres of valuable land left a brown terrain of barren silt.

Wealthy New Yorker Loses Belongings When Train Burns

George Eastman, Wealthy Rochester, N. Y., Citizen Victim Of Fire In Egypt

(International News Service)

CAIRO, Egypt, March 14.—George Eastman of Rochester, N. Y., millionaire manufacturer, traveler and big game hunter, arrived here today after an exciting experience on a burning railway train when all his belongings were lost.

Eastman wore a pajama jacket, dress trousers, one slipper and one shoe, but felt himself lucky to escape injury. He is 73 years old.

The train was bringing a number of Americans from Luxor to sail on the steamship Doric. Fire broke out suddenly in a first class sleeping car and spread rapidly to other cars before the train could be stopped.

Membership Campaign To Be Carried Out On April 9 To 11

EXPECT RECORDS WILL BE BROKEN

R. J. TULLY

At a meeting of the board of directors today the dates were set for the annual Membership Campaign of the local Young Men's Christian Association.

The drive will open on Monday evening April 9, and will continue for two days. Reports being made on Tuesday and Wednesday evenings. The goal has been set for five hundred memberships, both men and boys.

R. J. Tully, President of the local Association, will act as General Chairman of the drive. Mr. Tully will have three division chairmen working with him and heading up different divisions of workers.

The board is anxious to keep up with other years in the number of members secured and hope to do as well as last year when over eleven hundred men and boys were enrolled by the team workers.

FIVE DROWN AS AUTO PLUNGES INTO CREEK NEAR ALLENTOWN, PA.

(BULLETIN)
(International News Service)

ALLENTOWN, Pa., March 14.—Five persons were drowned early today when the automobile in which they were returning from a card party plunged into Coplay Creek after crashing through the flimsy protecting cable on a small bridge connecting the Mickleys-Hokendauqua pike near here.

The only survivor of the ill-fated party, Frank Eckert of West Coplay, was injured seriously in the crash and made heroic but vain efforts to save his wife, mother of eleven children and the others. Eckert, driver of the car, blamed the accident on the dense fog which made visibility virtually impossible.

The dead: Mrs. Eckert, 37, Mr. and Mrs. Frank Meyer, each aged 37, and their daughter, Olga, 8, of Eagle Point, near Egypt, this county, and Michael Golla, 37, father of six children of Coplay.

Old McKee Homestead Is Destroyed By Fire Late Tuesday

FAMILY MEMBERS ABSENT AT TIME

Fire, believed to have been caused by an overheated condition of the pipeless heater in the John Morris home, formerly the McKee Homestead, five miles east of the city on the old Pittsburgh road, caused the destruction of the home and a considerable part of its contents Tuesday afternoon.

The loss is estimated at approximately $6,000 and is partially covered by insurance. Neighbors were successful in saving a considerable part of the household furnishings on the first floor. Nothing was saved from the cellar or upper floor.

The structure destroyed is one of the landmarks of what was known as the McKee Plot and was a story and a half brick structure of some seven or eight rooms, most of which were on the first or ground floor.

The fire was first discovered between two and three o'clock in the afternoon by neighbors. Mrs. Mary

McCandless Is "Not Guilty", But Must Pay Costs

Verdict Returned In Case Growing Out Of Death Of Fred Beebe

COSTS FIGURE UP IN EXCESS OF $300

Case Goes To Jury Tuesday Afternoon; Sealed Verdict This Morning

Elgie McCandless, former county treasurer of Butler county and chairman of the Butler county Republican county committee, was found "not guilty but pay the costs," in the case in which he was tried in Lawrence County courts for involuntary manslaughter in connection with the death of Fred Beebe, killed when struck by the McCandless automobile on Butler avenue.

The case, which was taken up before Judge J. A. Chambers, had been on trial since Monday morning. It was given to the jury Tuesday afternoon about 4 o'clock. The jury reached an agreement about 10 o'clock last night and returned a sealed verdict when court convened this morning.

For Acquittal

It is said that a majority of the jurors were for an acquittal on the first ballot. After discussing the case at length it was finally agreed to return the above verdict. Prothonotary R. M. Campbell is preparing a statement of the costs, which will run something over $300.

Fred Beebe, the man who was killed, was working at the rear end of a truck which had stopped on Butler avenue when hit by the McCandless car. McCandless claimed that he was blinded by the lights of an automobile approaching him and did not see the truck until he was about two rods away. It was then too late to stop.

It was claimed that after the accident liquor had been smelled on McCandless' breath, but he denied that

Can't expect the sun to shine, each day you want it to, can't expect no showers of rain, or skies that's always blue. Can't expect that everything you do will meet success, can't expect your every hour to be of happiness. There has to be a little rain, some clouds of sombre gray, there has to be some failure too, to help you on the way. For failures help to make success a thing of joy and worth, there has to be a little rain to sweeten up the earth. For every cloud just hides a sun, and back of it the blue, and failure merely hides success, a spur to me and you, to tear the veil from off the sun that hides success away, so we can know just what we're won, its thirty-eight today.

Coroner's Inquest Into Mysterious Deaths To Be Made This Afternoon

(International News Service)

MICHIGAN CITY, Ind., March 14. Coroner's inquest into the mysterious death of Orvilla and Richard Bohle, aged two and four years respectively, is scheduled to be held here late today.

Dr. Ralph Webster of Rush Medical College, Chicago, reported yesterday that no abnormal amount of oxalic acid had been found in the vital organs of Richard, sent to him for examination.

Coroner Charles Mayfield announced that the bodies of the children would not further be disturbed. It was suggested that Orvilla's body also be exhumed for analysis, but Coroner Mayfield denies that this will be done.

William Sims, an uncle of the dead boys, who was stricken with apparently the same mysterious malady that killed his nephews, was reported slightly better today. His condition, however, is still said to be critical.

Crable and members of the William Geiger family discovered it about the same time.

Family Away

Members of the Morris family were away and had gone to New Castle. While members of the Geiger and other neighboring families rushed to the scene, members of the Geiger family also managed to get in touch with members of the Morris family and they rushed back to the scene as soon as possible.

In the meantime, the neighbors who arrived got busy and managed to get out the major portion of the contents of the first floor of the building.

First persons arriving state that the blaze was in the room over the pipeless heater and in which the register was located. It spread rapidly and as there was nothing available to fight the flames, the only thing that could be done was to save what part of the contents that could be removed in a hurry.

Assistance was asked of the city of New Castle fire department, but owing to condition of the roads, it was found impossible to render any assistance.

Many Character Witnesses

Late Tuesday afternoon, the case of the commonwealth against Elgie McCandless of Butler, Pa., charged with involuntary manslaughter, went to the jury.

The defense of McCandless opened on Monday afternoon and on Tuesday there was a large number of character witnesses called in from Butler. Seldom has there been such a list of official titles in the court room at once. Present officials, past officials, prominent citizens, bank presidents and industrial men were present to add their word of testimony in behalf of their fellow townsman. It was a wonderful testimonial for Mr. McCandless.

PESTILENCE IS THREATENED IN DAM DISASTER

(Continued From Page One)

at Santa Paula last night, conferred with sanitation experts to cope with the possible danger.

While the peril of pestilence was said to have been greatly alleviated due to the fact that the flood waters left no stagnation as they raged on to sea level, the danger of contagious diseases lurked for the living as countless bodies were believed to be buried in silt and mire and still others were being sought among the debris.

As the second day dawned bleakly on the spectacle of death and devastation, huge bonfires still flared in the flood swept valley and the gorges of San Francisquito Canyon where the homeless huddled throughout the night.

Red Cross flags, hoisted atop improvised hospitals, marked havens of refuge for the sick and injured while other sufferers slept in tents pitched on the hill sides.

Long lines of fatigued and hungry survivors formed in front of portable soup kitchens and others grouped about boiling coffee pots.

Riflemen from the American Legion mounted guard over the relief camps while deputy sheriffs and police from Los Angeles and nearby cities patrolled the 50 miles of desolation.

With the bodies of victims being brought hourly to more than ten concentration points scattered over the flood area, efforts to obtain an accurate check of the death toll is almost impossible.

Identification Is Hard

Because of the condition of the bodies, most of them caked in mud and silt, efforts at identification of the victims is still more difficult.

And with only a small percentage of those recovered so far identified, there is the possibility of duplication in reports for the number of unidentified dead.

At Moorpark, where 41 bodies have been brought, fourteen corpses, black with mud and unrecognizable, were laid out in the rear of the drug store which has been converted into a morgue for the reception of all bodies found in the south side of the Santa Clara river.

To facilitate the task of identifying the dead at Newhall, where 48 bodies have been brought to the Masonic hall, a numbered tag is attached to each corpse as it is received at the temporary morgue.

teau where they will halt for the night at the waterhole of Peach Springs, an even mile high.

Tuesday's 28.6 trek from Oatman to Kingman was perhaps the best attained on the trip to date. Before nightfall 110 runners had checked in at the control. All reported that they were in splendid shape and few appeared fatigued.

One Withdrawal.

Sylvester Daminano, New York, withdrew from the race with what his personal physician described as a "breakdown".

Referee Arthur Duffey passed a word of admonition to the runners today in which he informed them that they would be held to strict observance of the rules. This followed the penalizing of Billy Busch, Boston, and Harry Rea, Long Beach, Calif., one hour each in elapsed time for deviating from the highway on the Oatman-Kingman lap. Judges reported that the pair of runners took a short cut at a horseshoe curve cutting off considerable distance and thus enabling them to head off leaders for a time.

Roderick Ellsworth, Monongahela, Pa., finished the Tuesday lap in 7:09:30, elapsed time 73:56:10.

Earle Dilks, New Castle, Pa., romped the lap in 5:49 flat, elapsed time 75:14:45.

Newton Still Leads.

BEYOND KINGMAN, Ariz., March 14.—C. C. ("Cross County") Pyle's coast to coast marathoners were prancing down the Sun Dance trail toward Peach Springs, a mile high, today.

Arizona, the infant state, has won the hearts of the bunion derbyists, especially through its U. S. highway No. 66, a path of level stretches, sinuous curves, but so well kept that feet that blistered last week in Mohave desert found ease and returning speed even though the climb in altitude was steady.

Arthur Newton, the Rhodesian rambler, took the lead on the 28.6-mile lap between Oatman and Kingman yesterday at the midway point and increased his lead to six hours and 38 minutes over Andrew Payne, Claremore, Okla., who was 12th into the control.

Paul Simpson, Burlington, N. C., was second on yesterday's lap, with John Salo, Passaic, N. J., third.

Kingman, a thriving mining town of some 3,000, turned out to welcome the caravan. Flags and bunting adorned the streets as the runners checked in at the control.

During the 52-mile trek today the runners will ascend from a 3,300-foot low point to 5,280-foot level at Peach Springs, the 11th night control.

The spirits of the men were high as they coursed along the high reaches and with the lunch controls better systematized many of the early obstacles were removed. Feet that a few days ago were blistered and sore have become toughened and complaints and talk of quitting the trans-continental effort were seldom heard.

Elapsed Time Records

Kingman, Ariz., March 14.—Following are the 15 leaders in the C. C. Plye marathon, after completing 345.7 miles from Los Angeles in ten days. Time for the Tuesday lap, 28.6 between Oatman and Kingman, is followed by elapsed time for the entire distance.

1—Arthur Newton, Rhodesia, 4:03:00; 53:33:00.

Andrew Payne, Claremore, Okla., 5:01:30; 60:11:32.

San Antonio Siamese Twins Go Visiting In New Castle; See News, Hospitals, And Home

Daisy and Violet Hilton, the San Antonio Siamese twins who are playing the Penn theatre this week wanted to know something about how a newspaper is made today and accompanied by their foster-mother, Mrs. Myers, and Miss Dockson and Speer Marousis paid a visit to the New Castle News.

From business office up through the editorial rooms and the mechanical department they went, each department revealing to them something they had never seen before.

The visit to the News was but the beginning of a morning of visiting. From here they went to the Shenango Valley hospital where they visited the wards where children are patients, and from there to the New Castle hospital.

After visiting the hospitals they were taken to the Margaret Henry Home for Children and this home held their interest so much that they had to be reminded of the flight of time. As the Siamese twins got to the home the boys and girls were at lunch.

The youngsters finished their lunch quickly and then put on a program of songs and speeches for the visitors. Today happens to be the birthday of Miss Henry and the 33rd anniversary of her work for children and an impromptu celebration was staged in the playroom of the home. In addition there were several youngsters whose birthdays are being celebrated today and they received their gifts while the twins were present.

It was a new experience for the two girls and they seemed reluctant to leave the home and the children were equally as loathe to see them go.

Sudden Death Of Member Of Senior High School Class

Miss Margaret Isabell Buchanan Passes Away At Her Home On Lathrop Street

Miss Margaret Isabel Buchanan, aged 17, daughter of Mr. and Mrs. James A. Buchanan of 802 Lathrop street, died suddenly this morning, presumably from heart trouble.

Miss Buchanan, who was a member of the senior class at the New Castle high school, had not been feeling very well for several days. She seemed to be having some stomach trouble, but was able to go about the house, and it was not believed that anything serious was the matter.

She did not seem to be any worse when she retired last night, but during the night she called her mother, saying that she was not feeling so well. This morning she took suddenly worse and a doctor was summoned. When he arrived at the house a few minutes after the summons he found her dead. He was of the opinion that her trouble had suddenly affected her heart.

Miss Buchanan was a popular young lady, not only with members of her high school class, but among a large circle of friends. She attended the Grace M. E. Sunday school and took an active part in the activities of the Sunday school and church.

She is survived by her parents, Mr. and Mrs. James A. Buchanan; three brothers, Howard, Lawrence and Raymond, and two sisters, Ruth and Catherine.

Time of funeral will be announced later.

CAPT. HINCHCLIFFE AND WOMAN FLIER ARE FEARED LOST

(Continued From Page One)

the French liner Roussillen, which sailed from that city for New York at 7:30 last night, reported picking up a wireless message from another ship which reported sighting a "large plane flying westward" when four days out of Bordeaux. The name of the ship was not disclosed.

The plane's take-off yesterday was veiled in a shroud of mystery, neither its ultimate destination nor the identity of Hinchcliffe's companion being divulged.

Elsie Mackay Passenger

Later it was learned that the plane was making a transatlantic flight attempt and that the second person in the plane was not Gordon Sinclair, as was thought at first, but none other than Miss Elsie Mackay, daughter of one of England's richest peers, and an experienced aviatrix.

The fliers should encounter the most favorable weather conditions possible at this time of the year, according to the navy bureau of aeronautics at Washington.

The fliers are expected to encounter only two storms of moderate intensity, which they might easily avoid by flying slightly north of the usual route. All winds along the shipping lanes and slightly to the north of them are reported to be blowing from the east, and hence they should help rather than hinder the fliers.

A new theory developed this afternoon that both Miss Mackay and Captain Sinclair were aboard the Endeavor with Hinchcliffe.

Rumors that Sinclair was non-existent were exploded by the air ministry which stated that he was a reserve flying officer and had served in the Royal air force as a pilot.

Fearing for the safety of her husband as the hours passed without word of the America-bound airplane Mrs. Sinclair tearfully begged Harvey Lloyd to give her some information of her husband's whereabouts but Lloyd had received no advises on the Endeavor snce the Irish coast was passed.

Reception Plans

CURTISS FIELD, N. Y., March 14.—Flying officers at this field, where preparations are being made to receive Captain Walter Hinchcliffe if he succeeds in his attempt to cross the Atlantic from London, estimated today that the English flier would be able to stay in the air from 35 to 40 hours.

It was said that the Stinson-Detroiter in which Hinchcliffe is traveling uses about 11 1-2 gallons of gasoline an hour. It carried approximately 450 gallons, which would give it a cruising time of exactly 40 hours. However, it was stated, cross or head winds probably would cut this time down to some extent.

No anxiety is felt here, it was said, and none will be felt until late this afternoon, if the plane is still unreported at that time.

Report Motor Heard

ST. JOHNS, Newfoundland, March 14.—An unconfirmed report was received from Brigus that several persons at that place claimed to have heard the motor of an airplane between six and seven o'clock this morning. The plane appeared to be a considerable distance away.

It was not sighted. Brigus is 27 miles west of this city.

English Worried

London, March 14.—After the whole day had passed with no word of the safe arrival of Capt. Walter Hinchcliffe and the Hon. Elsie Mackay on the American coast anxiety gave way this evening to actual fears for their safety. At this hour they had been on their way from Cranwell Airdrome nearly 34 hours. Upon the assumption that they planned to fly to Nova Scotia they were approximately five hours overdue there.

DEATH TOLL GROWS IN SANTA CLARA VALLEY DISASTER

(Continued From Page One)

was one merciful note," said Under-Sheriff Biscailuz. "Death came swift and sure. Almost everybody in the valley was in bed shortly after midnight when the wave of water released as 925 feet of the 1,000 foot concrete dam, gave way.

"It will never be known exactly what happened at and below the dam. It took our men all day on horseback to reach the dam—and there were no survivors."

Assemble Bodies of Victims

Bodies of victims were being assembled at various cities, towns and hamlets in and on the fringe of Santa Clara valley. At Fillmore were 49 bodies, at Newhall 48, at Santa Paula 32, at Moore Park 51, at Ventura 6, at Piru 9, at Satico 5, at Castaic 10, at Castaic Junction 5, at Oxnard 2.

The search for bodies practically stopped at nightfall last evening and was resumed at daybreak today. Officers in charge of searching parties expected the death list to rise rapidly as a more careful survey of the valley was made, clefts in the hills explored and wreckage uncovered.

John and Mary
Dear Friends:

We have been thinking of you folks for a long time, and should have written before this, but you know how easy it is to put off writing, especially when there is so much work to be done.

Did you know that our rich cousins Sam and Jean are coming home? Yes, about Easter Sunday. We want to look our best when they drive in. Oh! yes, we want to tell you that we will be moved into our new home tomorrow—the Cooper & Butler room—and will be glad to have you come and see us anytime.

Cordially your friends

Chester Reynolds,
Frank Summers,
Joe McCann.

PA NEWC OBSERVES

(Continued From Page One)

terday afternoon. All enthusiasts were asking questions, flexing their wrists, and looking longingly forward to the time when they could stand on the first tee and crash one down the fairway for a good 275 yards. Pa Newc observed golfers in their back yards yesterday afternoon, practicing putting.

Like a bull moose bawling to its mate is the way that Spring affects members of the various bands about the city, and other owners of instruments. Their bed room windows raised, they practice far into the night, just seeing what the instrument will do.

And over on the East Washington street bridge, the rail birds are coming out again. Unconscious of the passing time, they lean or sit on the railing, talking of the most serious things to their most casual acquaintances.

A group of men, who were spending the night in the city jail, enjoyed a feed last night because of the fact that the local branch of the American Home Watchmen held a banquet in honor of the national officers of the organization in the Sons of Union Veterans hall in the city building. It's been a long time since most of the men fed last night have received as much to eat as they had last night through the generosity of the American Home Watchman.

The talk on potato raising given before the Rotary club the other day has caused no end of comment. Bob Whitla, though, says that the modern farmer does not know much about the ancient profession. He can remember when everything which the modern farmer now does by machinery was done by hand: when spuds were planted, hoed, "debugged," dug and picked, all by hand. And, he claims, he had done everything to a potato that can be done.

Another interesting sidelight is thrown on the potato situation when Rotarians think back ten years and remember the "war garden" they raised out the Wilmington road. The ground, five acres of it, was dug, planted and worked by members of the club, but when it came to the final showdown, and the crop was lifted, there were only in the neighborhood of 36 bushels to show for their efforts.

And another thing about potatoes: Alfred W. Chilton, secretary of the New Castle Chamber of Commerce believes that more attention should be paid to this crop in Lawrence county as the consumption here is far greater than the production. Almost any soil can be used for potato production, he says, and there is no reason why potato raising cannot be made another industry in Lawrence county. The field is almost limitless for a long time, at least.

The National Geographic Society believes that leap year is due to bungling. Wouldn't it be more accurate to put it the other way round? —The New York Sun.

Experience Does Help

It has become axiomatic that experience is a splendid teacher. Artist or craftsman, business or professional man, all of them learn first through training but largely through experience.

If this be true, and it is, isn't it reasonable to suppose that experience in the making of laws is equally valuable? After all, the biggest thing the first term in the Pennsylvania General Assembly does, is to give the member a groundwork of experience. In his second term he takes up his duties where he left off at the close of the first term, equipped by experience to be of value to his district.

This first term experience I have had. The apprenticeship, so to speak, has been served. Why not utilize this experience? I am a candidate for the Republican nomination for General Assembly for the second term.

YOUNG PEOPLE HAVE ANNUAL BANQUET

Young People's society of the Third United Presbyterian church held its annual banquet and election of officers Monday evening in the church banquet hall.

The banquet was well attended, there being approximately 50 young people present. Attractive decorations made an ideal banquet setting. The program was presented by the toastmaster J. A. Cox. The first part consisted of the various grades in the public schools, Miss Sue Piatt, Miss Helen Kyle, Miss Reba Sines, Miss Maude Zeigler and Arthur McNickle took the part of the children in a very amusing manner.

An interesting talk was given by Mrs. S. B. Copeland who likened the society to a long voyage. The society and its officers were congratulated for the good work accomplished and were challenged to make the future part of the voyage even more interesting and successful than the part already accomplished.

During the business session the following officers were named: President Joseph Wilson; vice president, Helen Kyle; secretary, Mabel Kocher; treasurer, P. D. Gibson; sub-treasurer, Russell McNickle; reporter, Jane Kyle.

Reese Circle.

The Misses Anna Jean and Maxine Jackson were joint hostesses to members of the Reese Circle of the Central Presbyterian church in their home on Wilmington avenue.

Devotionals were in charge of Mrs. C. B. Wingerd and an interesting missionary talk was given by Maxine Jackson.

Special guests were the Misses Edith Campbell, Beulah May Kirk and Mary Lenhart.

Following the rehearsal of the play "Two Masters" dainty refreshments were served by the hostesses, assisted by their mother, Mrs. E. D. Jackson.

Etta Gilfillan Class

Miss Nancy McConahy of Euclid avenue, received the members of the Etta Gilfillan Bible class of the First United Presbyterian church at her home Tuesday evening with Mrs. William Smith as associate hostess. Mrs. Louis McConahy was a special guest.

St. Patrick's colors were used effectively in decoration. The evening was spent informally with games and music as pastimes.

Lunch was served by the hostesses assisted by Mrs. Charles McNickel. The place of the next meeting will be announced later.

GAS IN STOMACH HURTS THE HEART
Thousands of Cases of Heart Failure Are Caused by Acute Indigestion, Says Medical Writer
Gas pressure from sour, acid, upset stomach is not only nauseating and highly uncomfortable but some day it may prove fatal!
When your meals are followed by bloating, a feeling of fullness or pressure, shortness of breath and pains around the heart, you may be sure that the acid condition of your stomach is producing a GAS that is pushing upwards and crowding your heart. That's the reason for the shortness of breath and sharp, shooting pains.
Whether young or old, the presence of stomach gas is truly serious and should always be given prompt and careful attention.
To quickly banish gas, cleanse and sweeten the stomach, neutralize the acidity—nothing is better than the daily or "as needed" use of ordinary Bisurated Magnesia. It gives almost instant relief.
Any good druggist can supply Bisurated Magnesia, in powder or tablet form, at very small cost—but be sure you get BISURATED Magnesia—recommended by Doctors and Druggists throughout the civilized world for more than 15 years.

PLANS FOR THE GREATEST OF POLAR EXPEDITIONS

ANNOUNCEMENT of definite plans for the Antarctic expedition headed by Commander Richard Evelyn Byrd, indicates that they are being financed and organized on a scale hitherto unknown. Equipment valued at half a million dollars, a special ice ship, tractors, seventy-five pulling dogs and sleighs to go with them, fifty-five men and three or four airplanes, radio equipment and a news correspondent to keep the world informed of activities—this is adventure of a sort to amaze the surviving explorers who barely managed to scrape a few thousands of dollars together, who were always inadequately supported in their efforts, but who managed to surmount hardship and natural obstacles as the result of indomitable will.

It seems only yesterday that Byrd was setting forth blithely and almost penniless from the United States on a ship manned by volunteers fired with the spirit of pure adventure—bound for Spitzbergen and a flight to the North Pole. Such calm and daring improvisation as was shown in getting the airplane ashore and in starting the epochal flight had seldom been seen before—and Byrd and Bennett made the flight to the Pole and return in a few hours. New Commander Byrd has been backed by Americans for a South Pole adventure which may give to the world more knowledge of this lifeless, ice-capped continent than has been attained in all the centuries of past history. Everything that could assure success seemingly has been provided.

The world will watch closely and critically the progress and achievements of this greatest of polar expeditions.

GREEN MAGIC

THE SAP is beginning to creep upward in the maples, and soon the rite of "sugaring off" will be observed. Down South the baseball players are limbering up and news from the training camps begins to spread over the sporting pages. Geese have been observed for past weeks on their hegira to the North. Income-tax day advances with appalling speed; tulips flood the florists' windows. The light overcoat will be taken from the back of the closet, appraised as to its ability to get through another season, and the question raised whether, after all, the furnace man should not get it.

The miracle is happening again, and the spirit of man, like the sap in the maple, goes up and up as the release approaches. Is it any wonder that poets plunk the typewriter with unwonted zest? Next to love, spring has doubtless furnished more inspiration for them than any other subject. It is a meagre soul that cannot respond to the vernal change—a sad dog it is who refuses to feel the lift and lilt of it.

And the magic is this, that a bursting bud can clip years from one's life.

SENATE PROBERS REPORT ON SOFT COAL STRIKE

THE special committee named to probe the soft coal strike situation has made its report. The coal field was visited and some of the camps and miners barracks entered, as the senators made a survey of the field. But just what the senate probers have accomplished that will go towards the effectual settlement of this national difficulty is uncertain.

The Philadelphia Inquirer summarizes the situation quite well in the following:

The report of the Sub-Committee of the Senate's Committee on Interstate Commerce on conditions in the Pennsylvania soft coal region is a document of more human interest than economic enlightenment. Wrongs and suffering are found because an industry, over-manned, over-taxed and over-productive, is not efficiently adjusted to high freight rates and to a subnormal demand in a market of competitive substitutes.

One may be optimistic enough to believe that the situation can be alleviated if the attempt is made on a comprehensive scale with the co-operation of many factors. The anthracite districts are launching such a campaign. But there is little prospect of finding a remedy in Federal legislation. In other words, the Senate cannot help much.

In meeting particular criticism the State Legislature might be more useful. The courts, too, could better safeguard the injunction process. The majesty of the Commonwealth was hardly preserved when a mandate was issued against singing a hymn on church property. Scrupulous care should also be exercised to see that every constitutional right is maintained for defendants.

But political agencies alone will not abolish poverty here or elsewhere. A broader initiative is required. Although this investigation was pressed from the outside to embarrass the State, our Senator—we have only one—did not oppose it. We have in fact rather welcomed it. Charity begins at home, and it will again in the present case. Those who have been so eager to expose our defects are practically powerless to offer a remedy.

Even if envy could be eradicated, there would still be cause for war. You can't eradicate proximity.

Hints and Dints

Sun sets tonight 6:06. Sun rises tomorrow 6:12.

Eight and one-half millions of women are engaged in all but thirty-five of the gainful occupations listed, according to government statistics. It begins to look as if mere man hadn't much left to fight about.

Chinese women we are told are now entering labor unions of that country. It means just one thing, and that is, when there is a strike declared there now, that the unions will win, because women are great stickers for their rights.

The Epworth Herald, official organ of the Epworth League, has an editor who declares that if the members of the church who pray for the return of the good old days were to receive what they ask for, would be sorry their prayers were answered. The world is only coming to a decent beginning he declares. If this is the beginning, what will the future be.

Lynchings according to an eminent New York divine are less discreditable than legal executions. But we believe that should he be called upon to choose between them, he would want the latter in his own case at least.

While apparently this country is in the midst of a season of unemployment, we read that France and England report such conditions to be improving there. And the strange part of it all, is this, that American dollars are playing no small part in the return to normalacy in those countries.

The French flag now flies over 100,000,000 people. And its territory is sufficient to take care of many times that number, it is said. Doesn't appear as if there is any further excuse for France to gobble off some more territory.

Flitting time is about at hand. There still remains plenty of people who want to be on the move again. It's a wonder some of them don't get enough experience in one flit to last them for all time.

There's not much doubt but that some farmers would be glad to trade some of their celebrated independence for a little ready cash. We would if it were not for the fact that a farmer has no more independence than any other married man.

The recent winner of a derby is the manufacturer of Black and White Scotch. If he would only see to it that a little of his product circulated this way, many Americans would be glad to drink to his success.

In view of the big celebration held recently in Philadelphia, it has been suggested that the name of the Susquehanna river be changed to the Sesquihanna. The fellow that suggested that probably had something wet to drink.

Bulls and bears of Wall street are now busily engaged in another spectacular battle of dollars. It looks most interesting but the fellow who sits on the sidelines and does not share in the battle, is the fellow who will have something left when the battle is over.

Success in anything is due to the united efforts of those interested. Its true of a school, an industry or a city. In other words, New Castle is just what its citizens want it to be. If you look around and find that one group is boosting, while the other group is pulling down, you have an exact cross section. If every person in New Castle is for New Castle, it will become one of the greatest little cities in the United States.

Home industry is just what we make it. If it is built on the solid foundation of rock, in other words the efforts, labor and money of the home folks, it will resist the efforts of time and last forever. If it is constructed on the sands of discontent, labor and money given grudgingly, look out, it will not last long.

TODAY'S STORYETTE

A camera man who was working for the educational department of a film company met an old farmer coming out of his house in the town where he was working.

"I have just been taking some pictures of life on your farm," said the camera man.

"Did you catch any of my laborers in motion?" asked the old man curiously.

"Sure I did."

The farmer shook his head reflectively, then said: "Science is a wonderful thing."

We see where that young fellow Colonel Charles A. Lindbergh, who something like a year ago sailed across the Atlantic and landed in Paris, is now a millionaire. And the most interesting part of it is that he made it without any more noise and fuss than he made that record breaking trip. We think that he is one young fellow who is deserving of everything that he gets.

There were some thieves busy over the week end, who must have been thirsty. We read that a case and a half of liquor, real honest to goodness stuff, was stolen from a local drug store. Its getting so that the fellow who steals whiskey is in the same class as the fellow who takes your money. At least he is just as bad as the fellow, who hung around and let you pay for the drinks in the olden days.

LIFE'S NEEDS

Oh, let me have my work to do,
A book to read for an hour or two;
A garden, for an outside room,
Where little things I've planted bloom;
A dog to follow at my heels;
And children's laughter at my meals
And love to greet me at the door,
And I'll not ask this world for more.

Just grant me strength to face the day,
The wit, a grown man's part to play;
A few good friends my lot to share;
A suit of clothes that's fit to wear;
A good night's rest when day is done;
The zest for sport, the taste for fun,
An eye for all that's fair to see,
And full contented I shall be.

No climber I, who would ascend
Beyond the reach of last year's friends.
Give me a few things such as these:
Companionship with flowers and trees,
And summer's birds; the faith to bear
Whate'er of sorrow is my share,
And love to last till life is o'er,
And I'll not ask the world for more.

Hercules and Borah.
The Old Crab Family.
Drifting From Religion.
Wages and Employment.

By ARTHUR G. BRISBANE
(Copyright, 1928, by N. Y. American, Inc.)

Hercules, looking down or up from Elysian fields on Senator Borah must feel that his Herculean labors were child's play. Mr. Borah has undertaken to enforce prohibition and stop his Republican party's acceptance of slush funds for campaigns. He even asks Republicans to return the couple of hundred thousand dollars contributed by Mr. Sinclair in government bonds. Old-fashioned politicians will enjoy that joke.

Many including oil stock owners would like to know what became of the two and a half millions in bonds not accounted for in the interesting oil buying deal. What fund or pocket did those millions go to?

Voltaire annoyed aristocracy in his time by showing that the oldest title of nobility in Europe belonged to descendants of Venetians that fled to the marshes to escape punishment for crime.

Even the oldest human family known, that of Confucius, with many descendants in one Chinese city seems modern compared with the crab family. Dr. Gilmore, Smithsonian Institute paleontologist shows that the North Carolina sand crab has relatives in the Grand Canyon dating back about 25,000,000 years.

Men are interested in animal geneologies. Ants, wasps and other insects have developed marvelous inherited knowledge which we foolishly call "instinct" because they were millions of years before men came.

Science shows that men will continue on earth barring catastrophe, at least 100,000,000 years more.

Some day babies will be born inheriting accumulate knowledge and ready to attack new problems.

That will be a race worthwhile.

Read Fabre's account of surgical operations performed by mud wasps that never saw father or mother, took no lessons and were born knowing how.

The Rev. Dr. Straton in California to debate on evolution says our people, youth especially are drifting from religion and all respect for the laws of God or man. Our nation and race are threatened. He is sure of it. Some centuries ago earnest, well-meaning priests of Greece and Rome were saying the same thing.

And when Christianity came along there ancients were sure the world was going to the dogs. They went but the world improved.

Unemployment according to experts is less serious than it was. That's small comfort for the man without a job.

Big business says you must expect unemployment crises. They will always recur. They said that once about financial panics but the Federal Reserve system ended them.

Big business opposed the reserve system, now universally praised. It would oppose anything suggested to abolish unemployment as "Socialistic, anarchistic, bolshevistic."

Big business is old and age accepts new ideas reluctantly.

The marvelous thing is that unemployment is not worse. In the automobile industry today 33 men do as much as 10 could do in 1914, thanks to improved machinery and methods.

That's good for workers giving them better cars for less money. Henry Ford's plan is one that will help adjust problems.

He would give men good wages for a five day week letting them have two full days in which to spend and enjoy what they earn.

Full development of industry requires that workers be consumers as well as producers. They must buy and use automobiles, radios, pianos, talking machines, good furniture, decent houses, everything formerly reserved for the rich.

There are not enough rich people to use what workers can produce. But make all producers full consumers give them at least 16 hours free out of 24 and two full days in every week and there will be no overproduction problem.

Some well meaning men will call that Socialism or worse. They would view with horror the abolition of a great working class producing just enough for the rich with unemployment as soon as the prosperous got all they needed.

In Europe only the rich have automobiles here 24,000,000 cars are used.

Our industrial genius has accomplished that, high wages, low price, high quality go together.

That combination would have been called impossible a few years ago.

Police discover a plant for aging whisky. An electrical heating device was used to make the whisky seem "very old in a few months." Bootleggers have an aging device that unfortunately works too well. It makes men that drink their products old in a few months and often dead in a year or two.

Dr. Crane's Editorial

CONDEMNED

Victor Hugo in his grandiloquent way said: "Nous sommes tous condamnes."

We are all condemned criminals.

The lurid descriptions of Mrs. Snyder and Mr. Gray's last hours before execution gave us all the shivers. The newspaper reporter seems to have the same complaint that some preachers have who at a funeral strive to dwell upon all the effective scenes concerning the death of the departed in order to produce tears from the auditors. It is technically known as boring for water.

The more we think of it, however, we conclude that there was but one terrible thing about this execution. That was the certainty of it.

We are all condemned to death, as Victor Hugo says. We must all walk the plank, sooner or later, or face a firing squad, or die in battle or breathe our last in our beds. Dying is dying whatever be its accompaniment.

And the act of death is probably not so horrible to the actor as it is to the spectators.

Dying is simply lapsing into unconsciousness and the worst pains are felt by those about the victim who realize that they will never see him again.

The victim himself probably realizes little or nothing.

Also the anticipation of death is worse than death itself. The certainty that they were to die upon a given date was fiercer torment to the souls of these criminals than the passage through them of the electric charge which occupied but a few seconds.

If we knew that we had to die upon the stroke of a certain hour we should die 100 deaths in anticipation of it.

Shakespeare says:

"Cowards die many times before their deaths;
The valiant never taste of death but once.
Of all the wonders that I yet have heard,
It seems to me most strange that men should fear;
Seeing that death, a necessary end,
Will come when it will come."

That men turn their thoughts to religion when they think death is certain is a testimony to the influence of death upon life and to the superior and immortal qualities of our spiritual natures.

The World AND THE Mud Puddles

WHY BE PESSIMISTIC?

The winter just passing has not been the worst winter in the history of the county, but newspapers are now publishing a lot about "the year without a summer," referring to the year 1816. It is difficult to guess what "hunch" came to the writer who started the discussion about this off summer. Every "weatherman" has one guess right in a lifetime—perhaps.

Concerning the 1816 affair, scientists have reexamined the weather records of that famous year, and report that while it was in no sense a year without a summer, frost occurred and snow fell in every month of that year in the northeastern part of the United States, as far south as the Ohio and Potomac Rivers. Weather records have been kept in that region for 100 to 150 years, and in parts of New England for nearly 300 years. No other year during the long record brought such abnormally cold weather during the summer months as the year 1816. It was perhaps the coldest summer in North America in 300 years.

If 1928 is going to furnish such a summer, better not sell the old overcoat.

THE BEAUTY PARLOR

State hospitals for the insane in Illinois have been equipped with beauty shops for the inmates. All women know that their state of well-being can be largely improved by a new dress, a bob, a marcel, a manicure, or a new hat. Men are picked up and given new courage with a new suit and a new pair of shoes. Why not a beauty treatment for a sick mind?

BRAINS AND COLLARS

A London physician says if your vitality is low and your brain isn't working well, you had better look at your collar. Probably it's too tight. No doubt the comfort of the body has a lot to do with the functioning of the mind.

WAGES AND MACHINERY

New and improved machinery has put men out of work and it has greatly increased productivity. It has done more than that. Newly inventive machinery calls for more intelligence and a more highly trained mind to operate it. Men are naturally lazy and many of them will do little to educate themselves without special inducement. Most employers have found that the principal intelligent work is higher wages.

WELL DRESSED THOUGHTS

It has been said that thoughts should be well dressed if they are to move in good company. We too little understand the danger of letting trivial, dishonest, unclean, unhappy thoughts take our time and dominate our minds. If we allow such thoughts to come and go through the gateway of the mind, the hours must come when those thoughts will destroy our appreciation of finer things, when they will spoil our most sacred hours, when they will ruin our most wholesome pleasures.

C. B. D. CHARLES B. DRISCOLL

A THOUGHTFUL BOOK

Aldous Huxley, as I have told my readers heretofore, is my favorite living writer of English. I have just been reading his latest book, "Proper Studies." The title refers to Pope's dictum: "The proper study of mankind is man."

This book is so full of provocative sentences and chapters that one has to dip in haphazard in order to make any sort of beginning in talking about it. In one essay Huxley is commenting on some remarks by Dean Inge. Huxley doesn't agree with the dean's thesis, but he does say this:

"The spectacle of people who are never alone or in silence, whose life is one continuous round of social activity, who never stop to meditate or recollect themselves, fills me with all the dean's uncomprehending amazement."

* * *

Here I happen to be in agreement and in sympathy with both Dean Inge and Mr. Huxley. I cannot understand the person who has to be "on the go" all the time. I have strong suspicions of that person's peace of mind.

If you have any inner quietude of mind, or any serenity of soul, you want to be alone and unhurried once in a while. You want to sit in the dark, perhaps, and meditate. The person who never wants to be alone, but is happy only when "on the go" is apt to be either devoid of the ability to think, or else on very bad terms with his own conscience.

* * *

Our modern equipment for living makes it difficult for many persons to find the time and place for solitary meditation and reflection. On the other hand, the person who is by nature impatient with thought processes, and is not very good company for himself, has in the present his paradise. He doesn't need to think.

There are many good jobs that can be held down with credit without the aid of thought or reasoning. And when the anti-thinking human returns from his day's work, he need not bother about thinking either. He can turn on the radio instead.

If the radio is out of order, or is a bit boresome, the non-thinker can take to his car. Thinking is good, but not essential to all lives.

Muscle Shoals Bill Is Passed In U. S. Senate

(International News Service)

WASHINGTON, March 14.—After a ten year fight the Norris resolution for government operation of Muscle Shoals was sent to the house today, somewhat battered, but essentially the same as when first evolved by its author.

The measure, as passed by a vote of 48 to 25 in the senate, provided:

1.—That the government manufacture electric power at Muscle Shoals.

2.—That experiments in the manufacture of fertilizer be carried on at nitrate plant number 2 and that this plant be operated at capacity when the best method of producing fertilizer has been determined.

3.—That power not necessary to the manufacture of fertilizer be sold to municipalities and corporations.

4.—That $10,000,000 be authorized to be appropriated for conducting the fertilizer experiments.

The house is already considering one plan for disposition of the giant power project at Muscle Shoals. Its military affairs committee has under consideration the Willis-Madden bill for leasing Muscle Shoals to the American Cynamid Company. A vote is expected to be reached on this measure tomorrow.

Ask Suppression Of Depositions In Klan Ouster Case

New Legal Move On File In Federal Court In Suit To Oust Klan

(International News Service)

PITTSBURGH, March 14.—Another legal move was on file today in federal court here in the celebrated battle between the Ku Klux Klan of Pennsylvania and five former Klan members who are seeking to oust the Klan from the state.

The latest step was taken by Klan counsel, who made a motion that the court suppress alleged depositions secured from D. C. Stephenson, former head of the organization in Indiana, and William H. Likins, former newspaper editor of Uniontown, Pa.

The court accepted the motion and ordered a hearing on it tomorrow.

The alleged depositions have not been filed yet, but Attorney M. J. Hosack for the Klan declared they contain "incompetent, immaterial, redundant, hearsay, slanderous statements that have no foundation in fact", and all for the purpose of publicity.

Hosack said Attorney Van A. Barrickman, leader of the fight to oust the Klan, obtained a deposition March 7 from Stephenson in the penitentiary where the former Klansman is serving a life sentence for the murder of Miss Madge Oberholtzer. The one from Likins, Hosack declared, was obtained March 2. One deposition from Likins has been filed in a previous legal action of the would-be ousters.

The Klan brought action last August against Attorney Barrickman, Rev. John F. Strayer, former Beaver county legislator, and three other former Klansmen, seeking to have them restrained from interfering with the Klan. The five countered with a suit to have the Klan placed in a receivership and restrained from further operation. A hearing on the case is listed for April 9.

Heads Of New Firm And Their Predecessor

CHESTER P. REYNOLDS

FRANK C. SUMMERS

JOSEPH McCANN

B. F. BUTLER

During the past few days workmen have been busily engaged renovating and decorating the rooms formerly occupied by Cooper & Butler, which will house the new firm of Reynolds, Summers & McCann. The new firm will open the store Thursday with a complete and up-to-date line of men's and boys' clothing and shoes.

The firm of Cooper & Butler was started in 1891 when Captain J. H. Cooper and B. F. Butler took over the business of Meyer Louer. The partnership was closed in 1906 by the death of Captain Cooper and a new firm, consisting of Mr. Butler, Chester P. Reynolds and Charles Van Fleet, formed. Later Joseph McCann was admitted to the firm.

Recently it was decided by Cooper & Butler to go out of business. Chester Reynolds had some time previously become a part owner of the Reynolds & Summers firm and it was decided by the latter to admit Joseph McCann, and in the future the new firm is to be known as Reynolds, Summers & McCann.

The new firm, which is composed of experienced clothing men, will start in the rooms formerly occupied by Cooper & Butler, where all of them virtually learned the business from the ground floor up to their present day, with Society Brand clothes, Manhattan shirts, Stetson hats, Interwoven hosiery, Superior underwear and a line of men's and boys' shoes. Claude McCracken will be in charge of the shoe department.

HARDLY ABLE TO GET BREATH DUE TO STOMACH GAS

Awful Misery Followed Each Meal. Lima Lady Relieved By The New Konjola

MRS. HELEN DENFENBAUGH

This surprising new medical compound, Konjola, which the Konjola Man is explaining to large crowds of people daily at Love & Megown drug store, 204 East Washington street, New Castle, has brought amazing relief in cases of kidney and bowel disorders. Many are giving reports about the work of this medicine. Just recently, Mrs. Helen Denfenbaugh, 126 Euclid avenue, Lima, Ohio, made the following statement about Konjola:

"I am free of stomach trouble since I have taken Konjola," said Mrs. Denfenbaugh, "and this medicine also benefited me in so many ways, because I am feeling better than I have in years."

"My trouble started with indigestion, and the past two years my stomach kept getting worse. I suffered after every meal. I would burn from the pit of my stomach to my throat, and was troubled with heart palpitation.

"I had been in these miseries for a long time, and couldn't find a thing to help me. Sometimes I took soda for relief, but usually after the next meal I was worse than before. I heard about Konjola, and this medicine proved to be entirely different from all the other remedies I had tried. I got wonderful relief from the gas and indigestion pains. I noticed I was feeling better every day, and now I eat anything I want because my food agrees with me. My strength is built up wonderful, and I can sleep better and my nerves are stronger. The heartburn, bloating and all other miseries have gone entirely. After the great good Konjola has done for me, I certainly can indorse such a medicine."

The Konjola Man is at Love & Megown drug store, 204 East Washington street, where he is daily meeting the public and introducing and explaining the merits of this remedy. Free samples given.

MEMBER QUALITY BAKERS OF AMERICA By Invitation Only
This Mark Stands for Bread Goodness

Now, men folk, it is up to you to show that you do not want your Mother, or Wife, or Sister, or the girl you expect to marry, to be the baker in your home.

Why should any woman be bothered these days with baking bread?

It is unfair to put this burden upon her.

Heaven knows, she has enough other things to absorb all the time she should give to her home.

She should have her chance for recreation the same as the man.

* * *

Besides, why permit the woman in the home to bake bread when it costs more to do so—not counting the time it takes?

Furthermore, it is not possible for the best bread baker in any home to bake a better loaf of bread than any one of the 90 members of Quality Bakers of America, of which we are one—is able to bake day after day and keep its quality uniform.

This statement is no reflection on the skill of the housewife in baking bread; on the contrary we think it is a compliment, for we 90 members of Quality Bakers of America have been put to it pretty hard to bake as good bread as our Grandmothers used to bake.

When we consider the lack of facilities that existed in their day, we wonder how they did so well—but it is probably because woman is just naturally more resourceful than man. She is governed by intuition while man prides himself on his judgment. It would be a good thing for many men if they had more intuition and less judgment.

There! does that square us with you, ladies?

* * *

We believe that the women folk of this section—which we serve exclusively as a member of Quality Bakers of America—like our Twin bread chiefly because we put so much personality into its making. Everyone working in our plant is imbued with the spirit of turning out a product that the ladies will like.

Men may be dump in some things but when it comes to establishing respect for themselves among women, they know what they must do. Every Mother's son of us around this plant knows perfectly well that he must watch every step he takes in making our bread, or else the ladies that do the buying and pass upon its quality either say, "Your bread is splendid", or "Take it away; we do not want it".

* * *

We know when the grocer hands a loaf of our Twin bread over the counter to a lady or to that lady's boy or girl, she or the children take notice as to how it is wrapped—or dressed.

That of itself looks as though precaution had been taken to keep it out of unclean hands.

Also, it looks as though the maker is proud of his product and that he would not put an unclean product in a clean attractive wrapper.

Of course we know in these days of sanitary ideas that every baker of bread wraps his loaf, but the final test of any bread is its sustained quality—its real food value—and under such circumstances price comparison should not be considered at all.

It is a fact that a quality product is always worth its price—something that everybody should remember.

Motorists Drove An Average Of 7,437 Miles Last Year

Each Motorist Used An Average Of 550.9 Gallons Of Gasoline

WASHINGTON, March 14.—Each motorist during 1927 used an average of 550.9 gallons of gasoline and traveled an average of 7,437 miles, according to figures just announced by the national headquarters of the American Motorists Association.

The averages are based on a total gasoline consumption in the United States amounting to 11,563,490,000 gallons—an increase of 12.4 per cent over the gasoline consumption by the motorists of the country during 1926. Eliminating all re-registration figures, the U. S. Bureau of Public Roads places the total motor vehicle registration as of July 1, 1927 at 20,991,333.

The mileage traveled is based on an average of 13.5 miles per gallon of gasoline. Using this figure, the Association places the total number of miles traveled by the 20,991,333 cars and trucks during 1927 at 1,561,071,150,000 miles.

One of the interesting things shown by the survey of gasoline consumption is the wide variation in the amounts consumed per automobile capita. For instance, the highest per capita consumption was in Georgia, the 260,079 vehicles averaging 739 gallons during the year, while the lowest was in Minnesota, the 607,725 vehicles using an average of but 359 gallons, or slightly less than half the per vehicle consumption in Georgia. Pennsylvania averaged 480 gallons per vehicle during 1927.

"Many things contribute towards the wide variation in the amount of gasoline used per vehicle in the various states," according to J. Borton Weeks, President of the Association. "In the wide difference between the the amount consumed by the average motorists in Minnesota and Georgia, the primary reason is climatic conditions. In Georgia automobiles are used the year around, while in Minnesota they are restricted. Again roads in Georgia are not as good as those in the northern states and hence the gasoline consumption is higher."

Additional factors accounting for the variations, President Weeks pointed out, is that of population, gasoline consumption being heavier in thickly populated areas such as cities and industrial centers, while tourist account for a high per capita consumption. As an example, in the District of Columbia—where there is a large annual tourist movement—the average is 79 gallons above the general average. From an industrial standpoint New Jersey's per capita consumption stands out, being 88 gallons above the country's average.

"The ratio of good roads to gasoline consumption is not as marked as one would suppose, for the reason that in states where roads are good the mileage is more per gallon, and in most instances the states that have good roads are wealthy and one of the unique angles of per capita gasoline consumption is that in the wealthy states, where many owners own two cars, the per capita consumption is lowered by virtue of this fact," President Weeks points out.

"This is particularly true of California, which has excellent roads and an all year motoring climate. With these two factors one would suppose the per capita gasoline consumption there would be the highest, however, with a per capita gasoline consumption of 642 gallons California ranks fourth on the list. Following Georgia, Louisiana ranks second with 721 gallons and Alabama third with 697 gallons."

Gives Your Hair Unusual Beauty

The attractiveness of even the most beautiful women depends upon the loveliness of their hair.

Fortunately, beautiful hair is now easily obtained. It is simply a matter of shampooing.

Proper shampooing makes the hair soft and silky. It brings out all the real life and lustre, all the natural wave and color, and leaves it fresh looking, glossy and bright.

While your hair must have frequent and regular washing to keep it beautiful, it cannot stand the harsh effect of ordinary soaps. The free alkali in ordinary soaps soon dries the scalp, makes the hair brittle and ruins it.

That is why discriminating women, everywhere, now use Mulsified Cocoanut Oil Shampoo. This clear, pure and entirely greaseless product brings out all the real beauty of the hair and cannot possibly injure.

Two or three teaspoonfuls of Mulsified is all that is required. It makes an abundance of rich, creamy lather which cleanses thoroughly and rinses out easily, removing every particle of dust, dirt and dandruff.

It leaves the hair soft, silky and easy to manage and makes it fairly sparkle with new life, gloss and lustre.

You can get Mulsified Cocoanut Oil Shampoo at any drug store.

A four-ounce bottle lasts for months.

AMAZING RELIEF IS GIVEN, AFTER LONG SUFFERING

Lady Cannot Find Words To Tell Of Wonderful Help Ten Herbs Gave.

"Of all the endorsements of Ten Herbs that I have read, I don't believe any does your medicine justice, and I myself feel that I cannot express in words the amazing relief Ten Herbs gave me," was the statement of

MRS. MINNIE COFFIELD

Mrs. Minnie Coffield, 634 Watt Street, Pittsburgh, Pa., to the Ten Herbs Man, who is at Eckerd's of New Castle, Inc., 30 East Washington Street, New Castle, where he is daily demonstrating this great natural medicine. "I was troubled with constipation for at least six years," Mrs. Coffield continued. "For a long time I have been afflicted with stomach trouble. Gas would form, and I would belch a sour liquid. No matter what I ate, I was always in misery.

"My liver was sluggish. During the day I was so drowsy that if I sat down a minute I would fall asleep, but when night came, sleep was impossible. My nerves were in a terrible state, and I would jump at the least noise. I feared that I would have a nervous breakdown. My kidneys did not work properly, as I had pains across the back, and had to arise often at night.

"Three bottles of Ten Herbs changed all this. I have a better appetite now, and can eat almost anything without having gas, or belching sour liquid. My bowels are regular without the use of physics. My liver and kidneys are working the way they should. Biliousness and dizzy spells have left me, and so have the pains across my back. I do not have to arise so often at night. My nerves are more quiet, and my sleep is sound. Ten Herbs improved my health to such a wonderful extent, that I feel it is my duty to give your medicine this public endorsement. I am sure that others who are suffering as I did will get relief, if they will only give Ten Herbs a trial."

The Ten Herbs Man is at Eckerd's of New Castle, Inc., 30 East Washington Street, New Castle, where he is daily meeting the public and explaining the merits of this medicine. He will be glad to tell you how to take this medicine to get the best results. Free sample given.

TEMPLE ISRAEL OFFICERS NAMED

Marcus Fenchtwanger Is Re-elected As President Of Congregation

At the annual meeting of Temple Israel the officers and trustees were elected for the coming year. The services of the officers since the organization of the congregation have been of such high standard that their re-election was merely a matter of course. They are:

President, Marcus Feuchtwanger.
First vice president, J. F. Perelman.
Second vice president, Jacob Cosel.
Secretary, Abe Levine.
Treasurer, Samuel Klafter.

These men are also trustees, and with them the following make up the board of trustees: Benjamin Kline, A. H. Gonick, Norman Ehrlich, M. Fisher, Mrs. N. Linville, Harry Cukerbraum, David Silverman and Emmanuel Shenken.

The president of the congregation, Marcus Feuchtwanger, delivered an address to the members present and lauded them upon the achievements thus far. Beginning with a small handful of people, Temple Israel has tripled its membership and each month sees an increase. Reports of the various committees show that Temple Israel is in a flourishing condition.

Following the meeting a dinner was served by the women of Temple Israel and community singing held, with Mrs. Emmanuel Roman directing. Mrs. E. Reeder pleased with a piano solo and A. Levine was heard in a violin solo.

Buy a used car for your second car—or third

AMERICA has become a two-car country—one car for the man in his business, and one or more cars for the home.

Two-car ownership is an economy as well as a convenience. Time is precious; and the family which is isolated when the father drives away is shut off from many opportunities.

A thrifty way to give your family the advantages of a second car is to buy a used car from a General Motors dealer.

He is a selected merchant, a representative business man in his community. Every car in his store represents value in proportion to its price; and he alone can offer you the convenience and satisfaction of the GMAC Plan of payment.

If your Pavement is Bad, re-surface it with BRICK

Perhaps your street is in bad condition and you are considering having it re-built.

Why not get full salvage value for your old street pavement by using it as a base for a fine brick surface.

Extensive tests conducted by the U. S. Government prove that various materials make excellent bases for brick surfaces. Your City Engineer is familiar with these Government findings. Ask him about brick surfacing old pavement.

Paving brick, being vitrified, makes the finest known wearing surface for any street. This surface is tough—nothing on wheels can damage it. It has a resilient sand cushion to take up traffic shocks. It is totally proof against destructive weather conditions—thus actual insurance of lowest paving cost.

Brick surfaced streets look attractive. They are safe and smooth riding and always open to traffic.

"The A. B. C. of Good Paving," a taxpayer's manual, tells in words and pictures how engineers today build ever-wearing, low cost, brick surfaced roads and streets. Address your request to National Paving Brick Manufacturers Association, 332 South Michigan Avenue, Chicago.

REQUIRE ALL CANDIDATES TO POST FORFEIT TO RUN

WASHINGTON, D. C., March 14.—We may not agree with all that they do in the tight little island overseas, but now and then after an inspection of our own congress and the congresional misfits to be found in both chambers, one cannot escape harboring the thought that the English scheme by which they at least make difficult the entrance of freak candidates into parliament could be adopted here.

Every candidate for a parliamentary seat is obliged according to English law to post one hundred and fifty pounds deposit as a preliminary. If at the election he fails to obtain an eighth of the total vote polled his one hundred fifty pounds are forfeited to the government. This has worked so well in the preservation of dignity and decorum in parliamentary contests and has so weeded out the unfit that a bill has now been introduced into the house of commons which carries the same principle into the municipal elections. It provides accordingly for a deposit of ten pounds which is to be forfeited if an aspirant's candidacy fails to register with one-eighth of the vote. There had been so many notorious instances of freak candidates at local elections whose candidature has served merely to waste the money of the taxpayers and distract attention from the serious issues that the passage of this bill extending this rule to municipal affairs is confidently anticipated.

Grove City Team Plays For Crown

Regimental Championship To Be Decided At Corry Friday Evening

GROVE CITY, Pa., March 14—The Regimental Headquarters company basketball team, champions of Section 1, of the Regimental League of the 112th Infantry, will play Company "M", of Kane, Friday night for the championship of the regiment. Company "M", winners of the Section 3 title, defeated Company "E", of Erie, section 2 champs, in the first of the play-off games, last Saturday night. This still leaves "M" and Headquarters to play for the regimental title.

The game will be played on the armory floor at Cory, Pa., which will be neutral to both teams. The winner of the Regimental championship will be eligible for competition in the annual Inter-regimental tournament which is held in Philadelphia under the auspices of the Pennsylvania Military Athletic league.

The local soldiers have been winning consistently throughout the season, dropping only three out of twenty-one games, and are given a good chance to cop the game Friday.

LEAPS FROM BRIDGE LANDS ON ROCKS NOW IN HOSPITAL

BUTLER, Pa., March 14.—Joe Tomascwski, 40, of 8 Morris street, Pittsburgh, was reported in a serious condition at the Butler hospital following injuries received when he leaped from the South Monroe street bridge into Connoquenessing creek, a distance of about 20 feet.

The man was seen by several persons to poise on the railing of the bridge, but he leaped before he could be restrained. He landed among some rocks in the bed of the creek, sustaining serious injuries on the head. He was taken from the creek by several men and removed to the hospital.

Tomascwski was unconscious when taken from the water, but the use of a pulmotor by Southside firemen revived him. He is expected to recover.

SCALDS PROVE FATAL TO LITTLE GIRL

YOUNGSTOWN, O., March 14.—Alveria Miragalia, seven-year-old daughter of Samuel and Isabella Miragalia, 1126 Plymouth street, and a student at a Market street school died yesterday at her home as the result of scalds received Saturday when she fell backwards out of a chair into a tub of scalding water.

The water had been placed on the floor for scrubbing purposes and it is believed that she lost her balance while moving around on the chair. Her screams attracted the attention of other members of the house, but she had been severely scalded before aid came.

PADDED HIS PAYROLL WITH PHONY NAMES

BUTLER, Pa., March 14.—Lewis Newell of Butler, for many years a foreman in the plant of the Valvoline Oil Company at East Butler, is in the county jail in default of $6,500 bond following his admission that he had padded the payroll with several fictitious names and collected the money on the checks for himself. Newell confessed to state police that he probably had secured $2,000 by forging the names of the persons he had carried on the payroll in his department.

Zionist Gives Splendid Address

Noted New York Speaker Tells Of Interesting Conditions In Palestine

Charles Cowen, noted orator from New York gave an interesting address on Zionism in the Beth Sholem Center Tuesday evening.

Mr. Cowen spoke of the geographical construction of Palestine and the most beautiful natural surroundings. The activities of the different sections of the country show the very rapid growth of the new Twentieth century modern country with modern streets and hospitals which are being sponsored through the Zionist organizations of the world.

His lecture was of high educational value as he seemed to take his audience with him on his trip to Palestine painting out the quaint customs of the different nationalities and how each one conserves his own peculiar style of dress.

The NEW CENTURY EIGHT

ALL OF THE CENTURY'S MOTORING PROGRESS FINDS EXPRESSION IN THIS GREAT EIGHT

So completely does the new Hupmobile Century Eight represent the century's finest development in motor car design, that it offers startling contrast with fine cars of even recent date. Certainly no car surpasses it in distinguished beauty. And in the number and quality of modern aids to smooth performance it stands unrivaled among the finest productions of Europe or America. Typical of the care applied to its design, is the application of thermostats to the three important points of water circulation, carburetor and radiator shutters—automatically providing perfect operating temperatures at all seasons. To realize the full difference which this and a score of other features bring to motoring enjoyment, arrange to make your first test of the new Hupmobile Century Eight at once.

Why regular calls at this Sign save money

Ten-minute monthly inspection at the Exide Service Station will mean longer and better service from your battery . . . .

BATTERIES are like teeth—you will get longer and better service out of them if they are inspected regularly by an expert.

Give your battery only *ten minutes a month* at an Exide Service Station. That's all it needs. Just long enough to let the Exide Service man test the voltage, and see if you need distilled water, or grease on the terminals.

It is a trifling bit of work, but you have no idea what a difference it will make in the long run. Regular care by a battery expert will often add as much as 25 per cent to the life of a battery. And think what a saving that would mean to you!

Look for the Exide sign

You can always be sure of expert service at an Exide Station. No matter what make of battery you have, it will pay you to call regularly at the Exide sign.

Get into the habit of stopping there once a month. It takes so little time—just about long enough to smoke a cigarette—yet it will save real money in battery costs.

Savannah Methodists To Hold Anniversary Of Church Building

On Friday evening, March 16, the congregation of the Savannah M. E. church will celebrate the 17th anniversary of the dedication of their church building. This strong church situated about 2 miles South of New Castle, is the outcome of the efforts of a little group of Christian people, who in the year 1820, formed an organization called the Methodist Episcopal society.

They were about nine of them. Their first meetings were held at the house of Laban Joseph, who lived about where the present church now stands. Their next place of meeting was in the Austin school house which stood on the hill west of the present Weinselbank Gardens, on land now in Taylor township, sometime between the years 1853-1856.

The lot now in use was purchased from Robert McCandless, and a church built. This building was used until 1910. When it was decided to build a new church, and the following committee was appointed: William Mayberry, William Geiger, E. P. Weinschenk, F. R. Wright, Louis Hasely, R. H. Wright, L. M. Reed, Sylvester Sage and Henry Weinschenk. Of these William Mayberry, Louis Hasely, R. H. Wright and F. R. Wright have gone to their reward, and are buried in the church cemetery. The others are all still active members of the church. On Sunday, March 18th, 1911, the dedicatory services were held in charge of Rev. T. W. Douglass, District Superintendent of the Erie Conference. The Rev. J. H. Clemens of the First M. E. church of New Castle, preaching the sermon. The music was in charge of the choir of the First church. The church has had six pastors.

C. C. Smith, 1910—3. Deceased.
E. D. Mowry, 1914—5. Retired.
F. S. Robinson, 1916—7.
C. H. Quick, 1918—20.
Thomas Pollard, 1921—23.
C. L. Downs, 1924—28.

There is one charter member of the church of 1856 living. Mrs. Lavinna Davis, the mother of Drs. Charley and H. H. Davis, who at the age of 95 is still able to attend church services in nice weather. The congregation is anxious for all the older residents of the community, especially those at the dedication 17 years ago to be present Friday evening, March 16. Several former pastors will address the gatnering. A short history of the community will be presented. A strong program has been prepared, and a free banquet will be served by the ladies of the church.

Jacksville

The open meeting of Worth Grange on last Tuesday evening was well attended. The hall was filled to capacity. The progam was under the direction of Prof. Aiken of New Castle who is music instructor in the Princeton and Portersville high schools. There were sixty five students taking part in the program, with fifty three of them in the Orchestra. The evening was greatly appreciated by all present.

MAN IS ARRESTED ON ARSON CHARGE

INDIANA, Pa., March 14.—Charles Palmer, 32, was arrested at his home here, by state police and lodged in the county jail on a charge of felonious arson. Three hours after a fire, attributed to incendiarism, destroyed the residence of his mother-in-law, Mrs. Emma Reed, situated one mile south of here on the Blairsville road. Palmer was taken into custody by Fire Marshal E. W. Faber of Troop A, state police, after a woman resident of the vicinity told police she had observed Palmer running away from the Reed home a short time before the fire broke out.

SHINNY IS FATAL TO SCHOOL BOY

VANDERGRIFT, Pa., March 14.—Blood poisoning caused by a slight wound on his knee, suffered while playing shinny with his school mates, brought death to Glenn Brandon, 14-year-old schoolboy.

The lad was struck by a shinny stick two weeks ago. Blood poisoning set in a few days later and caused his death.

Nearly 1700 Miles Of Federal Aid Highway In State

Over 4600 More Are Approved; More Than 204 Miles Built In Past Year

There have been 1,639 miles of Federal Aid highways completed in Pennsylvania to June, 1927, and a total of 4,602 approved to that date, according to Bernard N. Hanlon, manager of the New Castle Motor club. Mr. Hanlon states that there were 204 miles completed during the fiscal year ending June 30, 1927.

The Federal Aid highway system now includes 185,772 miles of roads, selected by the state and federal highway officers as of primary importance for the accommodation of inter state highway traffic.

"Compared with the 3,000,000 miles of other highways in the United States, they are the most important of the nation's highways, and their improvement as quickly as possible is an economic necessity of the highest importance," Mr. Hanlon continued. "The A. A. A. is solidly behind the Federal Aid program and only recently made a determined stand for the continuation of the program on an undiminished scale.

"Approximately one third of the system has been already improved with federal assistance, and with the exception of some 7,469 miles, the 64,209 miles completed have been built since 1921. To this mileage the roads at present under construction and definitely planned will add nearly 12,500 miles."

CONSTIPATION PREYS ON HEALTH

You can overcome it with ALL-BRAN

IF YOU are troubled with constipation, read Mrs. Hogan's letter below. It came to us unsolicited—a message of relief to every sufferer:

February 12, 1927

"I want to tell you how much good your ALL-BRAN has done me. It surely can't be beat for constipation. I have tried every kind of medicine and never in my whole life have been relieved until one of my neighbors told me to try bran. So I bought a box and read about your ALL-BRAN and thought I would see what it would do—and it surely did help me. I will never be without it in the house again."

MRS. JOSEPH HOGAN,
1215 Clay St., Topeka, Kansas.

Constipation is almost universal. The cause of more than forty diseases. Dizziness, aching backs, circled eyes, bad complexions, are only a few of its symptoms.

Guard against it. Start tomorrow eating Kellogg's ALL-BRAN. Two tablespoonfuls daily—chronic cases, with every meal. Guaranteed. Doctors recommend it.

A healthful cereal. Serve ALL-BRAN with milk or cream—and add fruits or honey. Sprinkle it into soups. Use it in cooking. Sold by all grocers. Served everywhere. Made by Kellogg in Battle Creek.

Kellogg's ALL-BRAN

BLAMES HIS WIFE IN LIQUOR CASE

BEAVER, Pa., March 14.—Julius Pierce, New Brighton, pleaded guilty of a liquor charge and told Judge Frank E. Reader his wife had made the liquor over his protests. He admitted he had been in court three times previously on liquor charges. Officers told of finding a concealed still and a cache of 20 gallons of moonshine in the cold air shaft of the furnace. Pierce was sentenced to pay a fine of $200 and serve six months in the county jail. The court told Pierce if he could persuade his wife to come in and plead he would consider his statements.

An honest man is one who has a clear conscience on March 16.

Births Exceeded Deaths In Country By More Than 1,000,000 In 1927

(International News Service)

WASHINGTON, March 14.—The United States will have a population of 120,013,000 on July 1, the census bureau estimated today.

That represents a gain of 14,302,380 in the last eight years. Estimated population July 1, 1927, was 118,628,000.

At the present rate of immigration and excess of births over deaths the country will be populated by 260,000,000 in the year 2000.

Births exceeded deaths by slightly more than 1,000,000 last year. The birth rate, however, is falling more rapidly than is the death rate, and experts are not of the opinion that the population increase in the future will be at the rapid rate of the last 20 years.

New estimates of population were prepared for most of the states, although those where the population decreased between 1910 and 1920, or between 1920 and 1925, the 1920 or 1925 census figures were retained. These states were Mississippi, Montana, Nevada, North Dakota and Vermont.

Population estimates for state showing increases included:

California 1,556,000.
Illinois 7,396,000.
Maryland 1,616,000.
Massachusetts 4,290,000.
Michigan 4,591,000.
New Jersey 3,821,000.
New York 11,550,000.
Ohio 6,826,000.
Pennsylvania 9,854,000.
West Virginia 1,724,000.

Probe Death Of Young Resident Of McKeesport

(International News Service)

McKEESPORT, Pa., March 14.—An investigation was begun today into the death of Fred G. Dorsey, 22, who was found in his bedroom dead from a bullet in the abdomen. An automatic revolver, with two cartridges discharged, was found near the body. The other bullet glanced off a dresser drawer into bed clothing, detectives reported.

Police believe the shooting was either suicide or an accident occurring when Dorsey was examining the revolver.

Trying Tribble For Possession Of Booze

Lucien Tribble, colored, was placed on trial before Judge Chambers in county court this morning on a charge of possessing liquor. The arrest was made by Policeman Letera after he had seen a man under the influence of liquor coming from a house on Shenango street. When Letera searched the house he found several quarts of liquor, which is said to have belonged to Tribble. It is claimed that Tribble furnished the liquor to the man whom Letera had seen coming from the house.

TOOK COMMAND AFTER SHIP BLAST

Pretty cheerful looking for a man who went through a ship blast off the Japanese coast. He's Chief Engineer Jerry Sheehan, of the tanker Chuky, who commanded the 21 men rescued after their vessel was blown in two. The dog is Ming, seagoing Chow, by whose instincts the survivors claim they were led to a nearby vessel. Sheehan and Ming are shown on arrival at San Francisco.

Lindbergh Hops Off Today, Heads Toward Capital

Colonel Lindbergh And Breckenridge Forced To Land Near Coatesville, Pa.

(International News Service)

COATESVILLE, Pa., March 14.—Colonel Charles A. Lindbergh, forced down on a farm near here by fog yesterday resumed his flight shortly before 10:30 a. m. today. The famous aviator and his counsel, Henry Breckenridge, took off without mishap and headed in a southwesterly direction, apparently bound for Washington.

Young Mother Is Suicide Victim

Fear Of Motherhood Prompts Young Girl Wife To Take Her Life By Shooting

(International News Service)

PITTSBURGH, March 14.—Fear of approaching motherhood caused Mrs. Lulu Ruth Watts, 17, to shoot herself to death, the coroner's office reported after a preliminary investigation today. She died from a bullet in the heart.

Her husband told police he found her slumped on the floor shortly after hearing a revolver shot. Her position indicated she stood in front of a mirror and witnessed her suicide act.

Dr. J. W. Hawes, the Watt's physician, told authorities that Mrs. Watts, the mother of a baby now eight months old, told him at different times that she feared she would not survive the birth of another child.

The tragedy occurred, the husband said, just after they had returned to their home in Renton from a "movie."

Foremen Banquet At The Castleton

E. And A. Division Men Gather At Hotel For Meeting Tuesday Night

The Motive Power, Foremen's club, of the E. & A. Division of the Pennsylvania Railroad held their annual meeting and banquet in the crystal ballroom of the Castleton hotel, Tuesday evening, March 13th, there being about seventy present, Ashtabula, Ohio, Warren, Ohio, Niles, Ohio, Youngstown, Ohio, Sharon, Pa., and New Castle being represented, including ten guests.

Mine Host Slack was indeed a genial host. The food was par excellent and the service 100%.

H. F. Robison, gang foreman, and president of the club acted as toastmaster, performing these duties to the entire satisfaction of all present. 'Noble's Pennsylvanians' furnished the music, which greatly added to the pleasure of the evening.

The Culbertson Four composed of H. M. Culbertson and his three sons rendered several quartette selections, which were received with considerable enthusiasm. The musical act put on by Billy Williams and Harry Ellwell was a wow. Lefty Parks, master of the big hook, demonstrated that the people still appreciate the buck and wing and clog dances when put on by an artist.

After the business of the club had been transacted several of the guests were called upon for short talks: Division Safety Agent Wilson gave a very interesting talk along the lines of the safety campaign. Assistant Road Foreman of Engines Fisher in his remarks gave his ideas as to how the safety movement should be conducted. Division Engineer Hartley talked along the lines of the perogatives and duties of foremen. Medical Examiner Burkley gave a resume of the workings and operations of the relief department, bringing out very forcibly that this department functions for the best interests of the employes. Supervising Agent Fenton brought out quite forcibly that two of the paramount issues confronting the railroad management today are—safety movement and loss and damage prevention. Division Operator Hanrahan reminisced on his experience while employed for a short time in the Cherry Street shops. Master Mechanic Noble, in a forcible manner, told his men that the watchword for 1928 for the Motive Power department would be "safety and economy". Superintendent Swenk, in a humorous manner discussed the things that, in his opinion, are quite pertinent to the successful operation of a railroad, both from the employes, as well as the management's standpoint.

It was the consensus of opinion of those present that this meeting was the most successful of any they have held.

It's Modern to Be Thrifty

Getting one's money's worth is being done in the best families today. It's just as "modern" and "smart" as it is intelligent. Modern women pride themselves on getting every penny's worth.

No longer do they boast of how much they spend for a Dress. Now they boast of how little.

Now you hear such remarks as this: "You don't know Higgins $16.75 Dress Section? Why—I got this and two other dresses for less than I used to pay for one."

"Heavens, No! I didn't pay $100.00 for this coat. I got it at Higgins for $59.50."

And so on. And you'll hear it more and more. Because it is getting to be common knowledge that Higgins values in Coats and Dresses are wonderful.

Fifth Union Lodge Meeting Thursday

Railroad Auxiliaries To Send Delegations Here For Meeting Thursday

Plans are all complete for the fifth annual union lodge meeting of Railroad Auxiliaries which will be Thursday in the Elks' club. The five railroad auxiliaries joining in this union meeting have been making extensive plans for this purpose for some time. The result of these plans will be seen at the all day union meeting. Drill work by drill teams will be a part of the day's program.

Grand officers of the auxiliaries will be present and railroad auxiliaries from out of town will be guests. The union lodge meeting is being held by the Ladies' Auxiliaries to the B. of R. T.; B. of L. E.; O. R. C., and B. of L. F. and E. The meeting begins in the morning and closes with a dance in the evening at which the railroad brotherhoods will be guests.

The general committee in charge of the arrangements for the union meeting is comprised of the president and three lodge members from each of the five auxiliaries, co-operating in the union meeting, Mabel Wilson lodge, Augusta Statzer lodge, Penna-Bo lodge, Ladies' Auxiliary 236, and Grand International Auxiliary.

The stormy days you decide to walk down town nobody stops for you. The nice day when you conclude to walk for exercise, a half dozen autos stop for you.—The Waterloo Tribune.

"My Friends and I Were Scared"

Effective Way Found to Break Up This Long-Standing Cold.

"Last fall I caught a heavy cold that settled on my lungs. No medicine I used seemed to help it any. I began to lose weight, and I coughed a great deal. My friends and I were scared.

"One old neighbor brought me over a half a bottle of World's Tonic. She said I needed strength to throw off the cold, and she called World's Tonic "bottled energy." More to please her than anything else, I took it as directed. That half bottle helped me wonderfully, and the next bottle cleared up the cough. After three bottles I began to gain weight, and all symptoms of the cold disappeared. I never knew a medicine so effective."

Mrs. Susanna Yank, Sharon, Pa.

Sensible in All Illnesses.

World's Tonic is not a specific for colds, but it broke up that cold by the same thing it does for any illness. It cleared away the impurities in the blood, enabled this blood to kill off the germs, and supplied just what the system needed to gain strength. Because it is so effective in chronic catarrh, in this case it was equally effective in acute catarrh.

An illness hangs on because of weakness. Correct that weakness with World's Tonic, and your strength will help greatly to overcome the trouble. World's Tonic is sold by Paisley's, McKee's Kut Rate Store, Smith's, Eckerd's of New Castle, Inc. and other good druggists. (322)

Lindy Forced To Land On Pennsylvania Farm

(International News Service)

COATESVILLE, Pa., March 14.—A dense fog again today prevented Colonel Charles A. Lindbergh from resuming his flight to Washington after being forced to land in a field near here late yesterday due to the heavy mist. Enroute from New York to Washington to visit friends the famous trans-Atlantic aviator and his counsel, Henry Breckenridge, landed on the farm of Emmor Way, four miles southeast of here and spent the night at the home of Charles Elkington nearby.

The heavy mists still hung over this section this forenoon preventing a resumption of the flight possibly until afternoon.

Col. Lindbergh is still here and will not be able to get away before noon, unless the sun comes out brightly," Elkington informed International News Service early this morning. "The fog is unusually heavy in this vicinity." Further than admitting his famous guest would continue his flight when the weather became favorable, Elkington would not discuss his guests.

After bringing the plane down safely, Col. Lindbergh and his counsel trudged through the mist to a farmhouse and rapped on the door. Mrs. Emmor Way opened the door and was rendered practically speechless with surprise.

When she found her voice she exclaimed:

"Why aren't you Colonel Lindbergh?"

The visitor nodded his head and then asked permission to use their telephone. Later Lindy and his counsel walked across the muddy fields to Elkington's home a mile away where they remained for the night.

The Daybook OF A New Yorker

BY BURTON RASCOE

Exclusive Central Press Dispatch to New Castle News.

NEW YORK, March 14.—It would be unthinking to neglect the most recent highlight in which a smart press agent staged a suicide for one of his clients and landed on the front page of every paper in town. Irving Strouse, the publicity man, had planned on Nazimova to carry out the hoax. But the movie actress became squeamish at the last moment, and Strouse hastily engaged Mlle. Simone Roseray, a dancer, to kill herself for page one love. A picture of Vincent Lopez, tenderly inscribed to Simone, was carefully torn into six bits and placed in her purse. The lady herself went forth one cold morning and stuck a hesitant foot into chilly Central Park pond. This was certainly an uncomfortable morning to drown. When she got to the depth of her ankles two brawny (pre-arranged) rescuers, uttering loud cries and whoops, dashed to the lady, called the police and sent her to a hospital. From there the story leaked out tantalizingly to the papers, which pounced on the story and dug up the the tale of misplaced love from the modest Lopez and the heartbroken Simone. A couple of days later the same papers exposed the "suicide" for the hoax it was. And Lopez, in the meantime, is said to be snickering comfortably as he contemplates the amount of advertising he received. Yet it will go hard with him later on. From this time forth, Lopez will be cremated before the press will chance printing an "In Memoriam."

A droll sequence immediately followed when the Telegram staged a burlesque suicide of Texas Guinan. A wax model was thrown into Central Park pond and dragged out again as Tex and her little girls stood about and wept, and George Olsen and his band played a requiem. A picture showed the damp dummy lying on the sward, covered with pictures of Coolidge, Lindbergh, Chaplin, Tunney, Commander Byrd and Babe Ruth. When the gathered celebrities asked Tex why she did it, she said:

"I did it for love—unrequited love. I did it for a lot more reasons too—the kiddies, and my poor old mammy and pappy and God and country and Yale; yes and for Lopez!"

And a canny Mexican from Nogales has been the first to realize the financial possibilities of setting up a divorce mill in New York City! This fellow, Senor A. D. Melgarejo Randolph, decided it was folly to permit Manhattan divorce seekers to spend all that money on steamship tickets to Paris, when Mexico is comparatively near and the matter of divorce so tactfully arranged there. He put this ad in the morning papers: "Mexican attorney in town for consultation. Phone——" And they tell me a line formed at the right directly.

Broadway, generally conceded to be Manhattan's most amusing and most profitable street, is not so regarded by real estate agents. The site on which the Astor hotel stands, for example, brings a rental of $850,000 a year; but the rental space of the comparatively isolated Waldorf-Astoria is rated $50,000 a year higher, whereas the Hotel Pennsylvania, in Seventh avenue, is on ground that rents for over $1,000,000 a year.

Revenue Office Will Be Open Two Nights

Local office of the internal revenue department in the directors' room of the Chamber of Commerce headquarters, third floor of the Greer building, North Mercer street, will be open this evening and Thursday evening for the accommodation of those persons who have not as yet filed their income tax returns for the past year. Sand Foundations Theme Of Message

Delegation From First Christian Church Hears Evangelist Walker Tuesday Evening

In spite of the inclement weather last night a fine crowd, including a large delegation with its pastor, C. H. Holcomb, of the First Christian church, assembled at the Central Christian church where a great revival is in progress to hear the masterful sermon on the subject "Sand Foundations" by W. Graham Walker.

After an inspiring song service which was soul-inspiring, led by Samuel Lewis, thoroughly prepared the people for receiving the truth.

Evangelist Walker after having read a part of the sermon on the mount began the discussion of the subject by citing an incident that occurred in Virginia a few years ago when a grist mill sitting on the side of a stream which had risen above its normal height, undermined the old mill, which contained the year's harvest, and carried it to destruction. Who could bring God into our lives but Jesus and give us a valuable and indestructible character and bring one to eternal glory. Lives have been entrusted to us to lift up, to make alive, to build for God and eternity. Some of the sand foundations specially mentioned were self-righteous, hypocrisy, secret orders and good intentions. When the appeal was made two young men responded and confessed their faith in Christ.

Tonight the evangelist will preach a chart sermon on the subject, "The Ark the Type of the Church."

Geneva College Debaters Winners

(Special To The News)

NEW WILMINGTON, Pa., March 14.—Geneva college defeated Westminster in a well planned and interesting debate which was held at the chapel of Geneva college Tuesday night at 8 o'clock.

Westminster's negative team made the trip. The Westminster team was made up of Wilson Botsford of Pittsburgh, Samuel Colman of Philadelphia and Halden Williams of Carnegie.

The debate was well contested with neither side having any apparent advantage. Three members of the Grove City college faculty were present to act as judges.

The question was: Resolved, "That except on declaration of war the United States government should not use military force to protect American private investments in foreign countries."

THE EYES OF THE WORLD

Annie Louise David

The World's Most Famous Harpist,

Assisting Artist With the

FESTIVAL CHORAL SOCIETY

—at—

Scottish Rite Cathedral

Tuesday Evening March 20th

ANNIE LOUISE DAVID

The Harp is the oldest and most beautiful instrument known to music. Hundreds of people in New Castle have viewed the harp as an accessory to the orchestra with its few liquid notes of beauty. Next Tuesday evening at the Scottish Rite Cathedral, the harp, in the hands of Annie Louise David will be a revelation in tonal and technical possibilities, proving it to be a great solo instrument.

The two groups which Miss David will play are those which she recently played on her world tour and is now playing in this country.

PRESS EXCERPTS:

Boston "Post"—

She is a star of the first magnitude in the constellation of harpists.

New York "Evening World"—

Annie Louise David is certainly one of the most favored of harpists on the American stage;—her technic is scintillating, and her musicianship thorough. Her Arabian and other Oriental numbers, which she has arranged herself were highly atmospheric, transporting one to lands quite distant in space and custom. The Chopin Etude had an added interest, as it was known to most of the audience.

Albany "News," Albany, N. Y.—

Miss David needs no appeal for recognition of her gifts and high achievements, for she has long enjoyed a position in the forefront of her profession, and delighted thousands. Her playing is noted for its technical brilliancy, its finished style, and its warm interpretive qualities. Albany lovers of music were glad to welcome her again.

Troy, N. Y., "Record"—

Miss David's contribution to the program was a decided novelty, utilities of deftness and unerring technic brought out all the best of her instrument. A test of unusual severity presented itself in "Peons" by Arensky, in 5-8 time, a number that Miss David has arranged herself. Her arrangements and playing of the Chinese numbers were most interesting, educational and delightful.

Rail Official Denies Charges From Operators

Says In Ordering Coal No Distinction Made As To Union Or Non-Union Mined

By KENNETH CLARK
International News Service Staff Correspondent

WASHINGTON, March 14.—Categorical denial of union charges that the New York Central railroad was engaged in a conspiracy to depress coal prices and smash the United Mine Workers was made today before the senate interstate commerce committee by W. C. Bower, manager of purchases and stores for the road.

"In placing coal orders no distinction has been made and none is now being made between union and non-union mines," said Bower.

Midweek prayer service at the M. E. church tonight at 7:30. Rev. E. S. Luce.

Christian church service at 7:30 tonight. Rev. A. C. Young.

Combined service tonight at the home of Miss Beulah Wilson from the Presbyterian church. S. S. workers and prayer service. The combining of these two meetings previously have been very successful and a better attendance for tonight is expected. Rev. J. G. Bingham.

The meeting of the Ladies' Aid of the M. E. church today was largely attended and the dinner at noon was one of the best ever. Each month it is customary for the ladies to hold a business meeting, at which time the dinner is served to each and every one who desires to come.

PYTHIANS' SOCIAL

Wampum Temple, No. 113, Pythian Sisters, held their regular meeting last night in the hall. A very good attendance which was pleasing to all. After the business meeting the committee served refreshments. The ladies enjoyed several games of 500. Mrs. Loyal Yoho was appointed chairlady socially for the month of March. She has made arrangements for a card party on March 27 in the lodge rooms. A large crowd is expected.

Horse Jumps Into Machine Of Rev. P. J. McKenna On Tuesday

A number of automobile accidents of a minor character were reported to the police in the past twenty-four hours.

Rev. P. J. McKenna, Seventh ward, reported that he was driving his machine north on Jefferson street, and there was a horse, on which a man was riding, prancing along the street. The man pulled the horse to one side and Father McKenna started to pass it, when it jumped into the side of his machine, doing some damage. The horse was also slightly injured.

Merl Glitch of 202½ South Walnut street, was driving west on Washington street at Mill street Tuesday when a woman getting off a street car walked in front of his machine and was knocked down. Mr. Glitch asked her to go to a physician but she declined, claiming that she was not hurt.

J. D. Eddie of R. D. No. 9, reported Tuesday that he was driving west on Washington street near Shenango street, when a car bearing Pennsylvania license 06211 going south on Shenango street, hit and damaged his car.

Mrs. A. B. Canfield of 626 East Washington street, reported Tuesday that she was driving west on North street at Jefferson street and was almost across Jefferson street, when a car bearing Pennsylvania license 510-983 going south on Jefferson street hit and damaged her car.

Mr. Hess of 112½ West Washington street, reported Tuesday that he was driving his machine on Bonzo street near Huron avenue, when it stuck in a bad place in the street and was damaged.

HAVE COLOR IN CHEEKS

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lazy, no-good feeling—you should take Olive Tablets.

Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 20 years of study.

Olive Tablets are a purely vegetable compound mixed with olive oil. Know them by their olive color.

To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days you must get at the cause.

Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects.

They start the bile and overcome constipation. Take nightly and note the pleasing results. Millions of boxes sold yearly. 15c, 30c, 60c. All Druggists.

Special Train To Game On Friday

Will Leave Pennsy Station At 5 O'clock; Expect Large Crowd

Faculty Manager Ralph H. Gardner today announced that the special train to Pittsburgh on Friday night for the New Castle-Duquesne game, would be run over the Pennsylvania lines.

The train will leave New Castle at 5 o'clock and will return from Pittsburgh at 10:15 o'clock. The fare is $1.80 round-trip. Tickets are on sale now at the High school, Sporting Goods Store, and the Pennsy station.

According to Gardner today New Castle has been alotted 1,500 tickets for the game Friday night. The tickets are on sale at the High school and Sporting Goods store at 50 cents each. New Castle will not have any tickets to sell after the 1,500 has been exhausted. Duquesne High has been alotted the same number of tickets.

Only about 300 tickets will be sold at the Pitt Stadium on the night of the game, and these will be $1.00 each.

FINDS WINDOW BROKEN

Officer Thomas Llewellyn last night found a window of Parrell's pawnshop on West Washington street had been broken with a brick. The owner was called and found that there was nothing missing. The window was boarded up. People in the adjoining restaurant reported having heard the window crash about 9:30 o'clock.

New Plans Made For Cheer Leaders

To Follow New Program For Organized Cheering At Westminster

(Special To The News)

NEW WILMINGTON, Pa., March 14.—Resolutions concerning cheer leader elections at Westminster, submitted by the student forum to the faculty, have been accepted and will go into effect next fall according to an announcement made today.

The new regulations governing election of cheer leaders are:

1. A cheer leading coach shall be provided and weekly cheer leading practices shall be held.

2. At the beginning of each fall semester the cheer leading coach shall issue a call for candidates to try out for the cheer leading team. While a member of such a cheer leading squad, candidates shall be excused from participation in physical education classes.

3. A cheer leading captain shall be elected each year by a majority vote of the student body from no less than three candidates recommended by the cheer leading coach. A senior must receive preference in the balloting, but in the event of the absence of a senior recommendation, a junior may be elected cheer leading captain.

4. The captain cheer leader shall have full authority of the cheer leading team when in action and he shall also act as lieutenant to the cheer leading coach in the regular cheer leading practice sessions.

5. The holder of the office of captain cheer leader shall, upon the completion of work satisfactory to the coach, be awarded a sweater with the Westminster "W" inscribed thereon.

6. These resolutions shall go into effect at the beginning of the 1928 fall semester.

Dr. J. A. Alexander College Speaker

Pittsburgh Graduate Makes Address At Westminster Service Tuesday

(Special To The News)

NEW WILMINGTON, Pa., March 14.—Dr. James A. Alexander, superintendent of Missions in the City of Pittsburgh United Presbyterian Synod, spoke at the daily chapel services yesterday. Dr. Alexander is an alumnus of Westminster, being graduated in the class of 1886, which is the year after Dr. Love, head of the Biblical Literature department, graduated.

Plans are being made to conduct conferences between Dr. Alexander and interested students. Dr. Alexander has been sent to Westminster on deputation and spoke both yesterday morning and this morning.

Dr. Alexander stressed the point that the students should carry out the idealisms that they acquire into their lives, their respective groups and finally into their country. He showed that there were many challenging frontiers to be advanced and that in this there are great possibilities.

Donald McClure of Blairsville, who is president of the Y. M. C. A. organization is arranging the conferences for Dr. Alexander.

Eight Of Champs Are Awarded "W"

(Special To The News)

NEW WILMINGTON, Pa., March 14.—At a meeting of the faculty athletic committee held Monday afternoon, eight members of the championship Westminster basketball team were awarded letters, two student managers for next year were appointed.

Announcement of the awards made in chapel yesterday morning by Dr. W. Charles Wallace was received with acclaim by the student body. On the basis of games played in the 1928 court campaign, the following were awarded varsity letters: Captain Tudor Lewis, Farrell; Charles Ayers, Canonsburg; John Connor, Union City, N. J.; Kenneth Delahunty, Iselin; Glen O'Donovan, Homestead; John Witherspoon, Ben Avon; Thomas McMeekin, Chicora, and William Crowell, Sharon.

Alex McNaugher of Pittsburgh, student manager, was awarded a varsity letter, and in addition James Purvis of Butler was awarded a student manager's letter in appreciation of services rendered during the season as scorekeeper, timekeeper and manager's aid.

Announcement was also made that hereafter there will be two student managers of basketball. Luther Braham of Butler and Emmanuel Krueger of Union City, N. J., were appointed in that capacity for next year.

The faculty committee on athletics passed a resolution at Monday's meeting in which they expressed to the alumni athletic board the opinion of the faculty concerning length of schedule. The faculty action read that it does not deem it advisable to schedule more than 16 intercollegiate basketball games in any season.

Many Study Forestry At Mont Alto School

Officials Of Pennsylvania State Forestry School Plan 25th Anniversary

(International News Service)

HARRISBURG, Pa., March 14.—Fitting students to fill forestry positions either in an office or in the woods is the chief objective of training at the Pennsylvania State Forest School, Prof. George S. Perry said today in the weekly issue of the bulletin of the Department of Forests and Waters.

Professor Perry outlined the advantages of the Mont Alto school in regards to its geographical location. It is considered the center of both northern and southern species, presenting an opportunity for the students to study practically all tree life of the state.

In addition to the regular study courses the students are taught practical forestry on the 23,000-acre state forest adjoining the school.

Officials of the school are planning for the celebration of its 25th anniversary on June 12 and 13.

Police Hear Of Two Accidents

Otis Branscome, 1504 Grimes street, reported to the police Tuesday that he was driving east on Long avenue at South Mill street, when the car of Meyer Levine going in the same direction in front of him stopped for the red crossing light. The latter had gone too far and in backing up, bumped into and damaged the Branscome machine.

Russell Miles of 821 Harrison street, reported that while driving the truck of Hoover & Newell north on North Mercer street and making the turn to go into Sycamore Way, along side of the Penn Theatre, that his machine hooked into the bumper of a car bearing Pennsylvania license 371-539, which was parked on Sycamore Way and about two feet from Mercer street intersection. Slight damage was done.

MENU HINT

Here's a menu for people with good, hearty appetites. It is preferably for those who are out of doors a great deal. Very little meat is used, and the whole menu is very different from the usual. Try out some of these recipes sometime.

Breakfast
Stewed Prunes with Oranges
Sauted Mush with Sausage
Crisp Toast Coffee Milk

Dinner
Mashed Potatoes Baked Beans
Corn and Carrot Custard
Cabbage Slaw
Peach Cobbler with Plain Cream

Supper
Cream of Salsify Soup with Crackers
Escalloped Tomatoes with Jellied Eggs
Sliced Onions Brown Bread
Apples Oatmeal Cookies
Tea Milk

Today's Recipes

Corn Meal Mush with Sausage—Into a kettle of boiling water stir salt and the desired amount of sausage, being sure that it separates into fine particles; then stir in meal slowly until mush is quite thick. Cook until well done; pack hot mush into a wet mold. Unmold, slice and saute until a firm golden brown crust is formed. Because of the sausage in the mush, almost no fat is needed for sauteing. A little sausage flavors much mush. Ground beef or a mixture of beef and pork may also be used.

Corn and Carrot Custard—One cup of corn, either fresh or canned, one-half cup finely diced cooked carrot, three tablespoons butter, one teaspoon salt, one teaspoon sugar, three eggs, or one egg and two tablespoons flour, one pint milk. Prepare all other ingredients as for ordinary custard; then add the corn and carrots. Pour into a buttered baking dish and bake in a moderate oven until firm.

Escalloped Tomatoes with Jellied Eggs—Alternate layers of tomato pulp (as firm as possible) with very thick white sauce and buttered bread crumbs. Sprinkle bread crumbs thickly on top. Bake in oven until mixture is well heated through and bread crumbs on top are crisply brown. Make indentations in the bread crumbs with a tablespoon. Break an egg into each hollow and put back into oven until egg whites are opaque.

Swimming Class To Meet Friday

Opportunity Is Given To Boys To Learn To Swim Before Summer

The regular meeting of the junior swimming class will take place in the Y. M. C. A. pool Friday, March 16, at 4:30 p. m., declares Henry McNichols, assistant to the physical director, who will have charge of the class.

Boys who have not yet learned to swim can do so before the summer months by joining the class, says Mr. McNichols. As recognition for accomplishment a medal is given to the boys as soon as they can swim 60 feet, or the length of the Y. pool.

EASTBROOK

The Women's Missionary society of the East Brook U. P. church met at the home of Mrs. Earl Pettit with 22 present. Quilting was the work of the day. BUY ORR'S TWIN BREAD at Handy Service Stores

DANDRUFF
Soon Destroys the Hair

If you want plenty of thick, beautiful, glossy, silky hair, do by all means get rid of dandruff, for it will starve your hair and ruin it if you don't.

It doesn't do much good to try to brush or wash it out. The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all, of your dandruff will be gone, and two or three more applications will completely dissolve and entirely destroy every single sign and trace of it.

You will find, too, that all itching and digging of the scalp will stop, and your hair will look and feel a hundred times better. You can get liquid arvon at any drug store. Four ounces is all you will need, no matter how much dandruff you have. This simple remedy never fails.

Less handicapped nowadays

New ideas on personal hygiene responsible, says doctor

THE DOCTOR in a leading women's college was comparing this generation of girls with those of 25 years ago.

"We don't have nearly so many illness excuses from girls nowadays", he said. "Not even at those times when there is perfectly good reason for their feeling below par. For one thing, girls have learned how important it is to keep their systems functioning normally at all times. And at times when they are most likely to be upset and thrown off balance, they take special measures".

What doctors advise girls to use on such occasions is Nujol—a spoonful every night for several days beforehand helps to keep everything normal even under abnormal conditions. For it contains absolutely no drugs or medicine. Perfected by the Nujol Laboratories of the Standard Oil Company (New Jersey). Try this treatment for the next three months, and see if it doesn't make things much easier for you. You'll wonder how you ever did without it.

Be sure you get the genuine.

PETER'S ADVENTURES IN ANIMAL LAND

BY MRS. FLORENCE SMITH VINCENT

THE VOICE ON THE OTHER SIDE OF THE WALL

Peter was much disappointed to find Catbird gone. He had liked the jolly grey mocker so well and besides there had been a great deal that he had wished to talk to him about.

"Oh, dear, I do wish that the birds didn't do things so all of a sudden! Catbird might have left me his address! I haven't the least idea where he lives and I should like to visit him again sometime. Neither did he say when he was going to give his next concert and I would like to go to it, too!" Peter must have spoken aloud, although he didn't realize it until a voice continued the conversation.

"Well, all you have to do is to start out at 10 o'clock in the morning and you will be sure to hear him singing with all his might and main. But where he will be, that I cannot tell you. You will have to find that out for yourself. Keep your ears open and follow the sound. Above all things be sure not to make a noise or he might fly away."

This advice, coming so suddenly out of nowhere, startled the boy and aroused his curiosity, for he had been perfectly sure that there was nobody nor anything in the garden. The trees were bare and there wasn't a place for any one to hide.

"Who is that speaking?" demanded Peter, quickly. "Do, for goodness sakes, come out where I can see you. It makes me feel queer to talk to folks when I don't know where they are or what they look like."

"Now, don't be cross, boy," commanded the speaker. "I am going to show myself to you in a second, and when you will find what a handsome fellow Colonel Redwing really is, you will be glad to have the pleasure of meeting him, no matter how long you have to wait."

"Oh, is that so?" exclaimed Peter, scornfully. "You seem to be quite as conceited as was the bird who was just here before you."

"I suppose you are referring to Brown Thrasher," continued Colonel Redwing, as the speaker called himself. "I am a distant relative of his, and so I have as much right to be proud as has he. But he has only a

SHOOTING UP INTO THE AIR ROSE A BIG BLACK BIRD

voice, while I—well, you can judge for yourself how beautiful I am. There, I have eaten all I want of that seed and over I come."

Over he came, indeed. Shooting up into the air in a way that reminded the boy of a sky rocket rose a black shape that, as he watched it, suddenly began to descend and in no time at all landed on the ground close by the boy.

It turned out to be a large, shiny black bird with the brightest eyes that Peter thought he had ever seen.

"Well, I am here!" remarked the new arrival.

"Well, how do you like me? You have looked at me long enough to discover my good points by now, I think. Konka-ree! It makes me laugh to thing of how cross you were when you couldn't see me. Of course you couldn't! I was on the other side of the garden wall. I heard all that you said to Catbird and Thrasher but I was too busy eating to interrupt. I waited until they were gone and then flew over to introduce myself."

Gala Dinner For Girls' And Boys' Teams Given By Mothers

Retiring Captains Of Both Teams Give Short Talks At Banquet

Miss Mary Ellen Stier, New Captain Of Girls' Team, Gives Talk

(By Tony Pasta.)

ELLWOOD CITY, March 14.—Ellwood City high's basketball teams were guests at a banquet last night when the mothers gave them a feed at the Lincoln building.

The event was very successful and enjoyed by the squads and members of the school board.

Following the dinner H. W. Smith, member of the school board and acting as toastmaster, called for a number of short speeches.

Jim "Huck" MacMurdo and Miss Irene Ross, retiring captains, each gave a few words, thanking the team mates for the support, and regretted the thought of leaving Ellwood High.

Miss Mary Ellen Stier who was elected captain at a meeting held Monday, was called on and in her talk, thanked the girls for electing her and promised to do her best. She will without a doubt be a capable leader next year. The boys have not yet elected a captain.

Coaches Lee and Sara McGoun, when called on expressed their opinions of the teams and felt that a successful season has been enjoyed. This is especially true of the girls who made a wonderful record under the training of Miss McGoun by taking 11 out of 15 contests.

C. A. Martin and Rev. J. A. King gave short talgs thanking the mothers for their splendid work and praised the teams for their wonderful spirit.

At this time the letters were presented by the toastmaster to the following boys: James MacMurdo, W. King, H. Slocum, R. Freidoff, W. Jusine, S. Lawrence, M. Dunn, W. Jones and G. Hughes. Girls, Irene Ross, Mary Ellen Stein, Mary Jane Thompson, Geraldine Turner, Muriel Bourne Karthryn Dunbar, Mary Offutt, Geraldine Keterer, Marie McDeavitt, Helen Brown and Pauline Jackson.

This ended the banquet and it was announced that the groups were invited to attend the Barnes theater as guests of the management. Every one accepted and the girls team helped the audience enjoy the show by singing.

The mothers must be congratulated for the success of the affair. Mrs. MacMurdo and Mrs. C. T. Johnson assisted by Mrs. M. Ross, Mrs. J. A. King, Mrs. J. C. Bourne, Mrs. H. B. Lee and Mrs. W. W. MacMurdo formed the committee.

Miss Fern Chamber, Miss M. O'Toole and Mrs. W. M. Keys gave valuable assistance.

A corp of girls composed of Anna Goscewski, Anna Strzula, Esther Patterson, Mae Groover, Charlotte Brown Mary Wimer and Helen Hall proved a great help in making the event a success.

Among those present were Dr. H. E. Helling, Prof. D. C. Connor, H. W. Smith, Rev. J. A. King, O. E. Bartel, C. A. Martin, Prof. C. L. Patterson and F. S. Attinger principal of the high school. Superintendent of Schools W. Ray Smith was unable to be present due to illness.

The mothers wish to thank all who helped to make the event successful.

Mrs. Bender Hostess To Etta Ketts Club

ELLWOOD CITY, March 14.—Mrs. Paul Bender of Youngstown, formerly Miss Sara Aiken of this city, entertained the members of the Etta Kett Club Tuesday evening at the home of her parents, Mr. and Mrs. Aiken, of Fourth street.

Two tables of bridge were in play, at the conclusion of which Miss Florence Oswald and Miss Jean Graham were high score winners. Later delicious refreshments were served by the hostess, using St. Patrick colorings. In two weeks the club will be the guests of Miss Ruth Wilkofsky.

North Side Ladies Enjoy W. C. T. U. Tea

ELLWOOD CITY, March 14.—Twenty-four members of the North Side W. C. T. U. enjoyed a St. Patrick tea Tuesday afternoon at the home of Mrs. Frank Potter of Line avenue. Mrs. Ed. Mallory and Mrs. Lee Nye presided at the tea table and a pleasant social afternoon was enjoyed, after which the ladies disbanded to meet in regular session in April.

Judge Chambers Is Speaker At Banquet

Rev. J. S. Taylor, Rector Of The Trinity Episcopal Church Rochester, Speaks

ELLWOOD CITY, March 14.—One hundred members of the Sphinx chapter El Xois Labyrinth, fun chapter of the Orange Lodge, enjoyed the annual banquet Tuesday evening in the Methodist church, with a delicious menu served by the ladies of the church.

The speakers of the evening were Judge James A. Chambers and Rev. J. S. Taylor, rector of the Trinity Episcopal church of Rochester. Both gave interesting addresses on appropriate subjects.

The decorations in the dining room were carried out in orange and purple, the lodge colors. Music was furnished by the Knights of Pythias Orchestra, and short talks were given by Mrs. Elizabeth Beeman, worthy mistress of the Ladies Orange Lodge; U. S. Cox, worthy master of the Ellwood Orange Lodge, No. 136; J. S. Moore, worthy master of the Rochester Orange Lodge, and P. V. Yahn, officer of the National lodge. Several pleasing numbers were rendered by the male quartette, comprising: Messrs. Marshal, Peter Duncan, J. A. Anderson and Ed McDanel.

Scout Executive To Speak To Kiwanians

ELLWOOD CITY, March 14.—On Thursday at the weekly dinner-meeting of the Kiwanis club at the Methodist church the session will be devoted to scout work with A. F. Benson, chief scout executive of the Pittsburgh Boy Scout council, as the speaker of the evening.

The local scouts will contribute a clever program with Bookie Helling and Bruce Wright imitating the "Two Black Crows" and Dave Aiken reciting "Maggie and Jiggs". Tom Foley, former secretary of the club, and now a resident of Pittsburgh, will be a special guest at the meeting.

When You Catch Cold Rub On Musterole

Musterole is easy to apply and works right away. It may prevent a cold from turning into "flu" or pneumonia. It does all the good work of grandmother's mustard plaster.

Musterole is a clean, white ointment, made of oil of mustard and other home simples. It is recommended by many doctors and nurses. Try Musterole for sore throat, cold on the chest, rheumatism, lumbago, pleurisy, stiff neck, bronchitis, asthma, neuralgia, congestion, pains and aches of the back and joints, sprains, sore muscles, bruises, chilblains, frosted feet—colds of all sorts.

To Mothers: Musterole is also made in milder form for babies and small children. Ask for Children's Musterole.

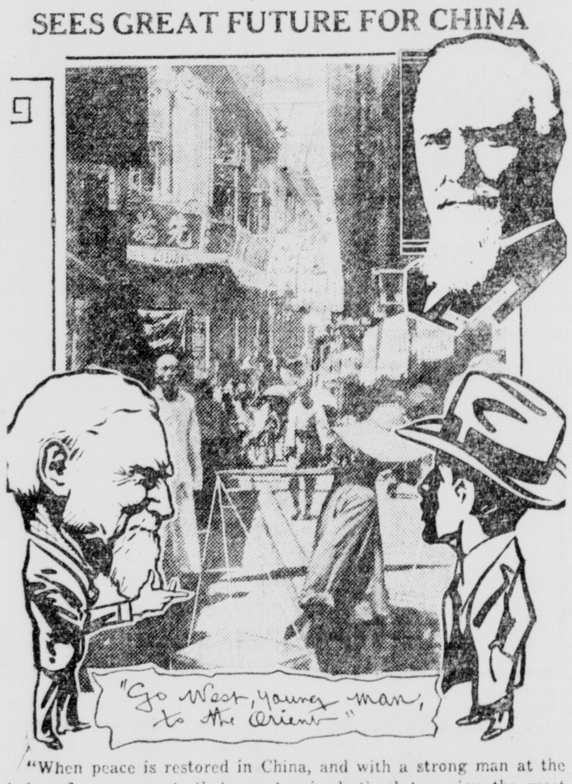
SEES GREAT FUTURE FOR CHINA



"When peace is restored in China, and with a strong man at the helm of government, that country is destined to enjoy the most marvelous progress in commerce ever recorded in the history of the world." That's the opinion of Captain Robert Dollar, above, dean of Pacific coast shipping men, whose boats sail the seven seas. Dollar urges a thorough study of the commercial needs of the Orient.

Killed by Buzzard

Striking a flying buzzard while in a test flight at Octal, Nicaragua, Captain William C. Byrd was killed when his parachute failed to open when he jumped from a height of 250 feet. The buzzard flew against a wing strut of the plane, breaking it and causing the plane to collapse.

First Burial Made Today In New St. Lucia Cemetery

Seven Acres Is Purchased From Valley View Cemetery Association

A plot of seven acres has been purchased by the St. Lucia Italian church congregation for their cemetery. This cemetery will be known as the St. Lucia cemetery. The ground purchased for this purpose is the northwestern part of Valley View cemetery and is west from the end of West Clayton street. The people of this church have been planning to buy ground for a cemetery for their own for some time but the deal has just recently been closed.

The first burial was made in the new cemetery today. Funeral services for the late Angelo Nocera who died Sunday evening at his home on South Wayne street were conducted this morning at St. Lucia's Catholic church with the pastor of the church Rev. Fr. Sebastian Ippolito in charge. Burial was made in the new St. Lucia cemetery.

Later, probably some time next month the cemetery will be formally dedicated.

Committee from the church in charge of the ground was comprised of Antonio Recco, Tony Ezzo, Ralph G. Gaspare, Louis Colella and Harry Dattili.

BASKETBALL PARTY.

The Girls Junior High basketball team of Mahoning school ended the basketball season with a party Tuesday evening in the school building. Eighteen were present, these were girls who had played during the season and cheer leaders.

The evening was spent in games and contests. Prizes were awarded Frances Frost, Virgil Wettich and Anna Swaney. Miss Maude Wetmore, girl's basketball coach at the school, was presented with a gift by Hazel Smith, captain of the Mahoning varsity this year, the gift was a token of appreciation from the girls. Later refreshments were served. St. Patrick's decorations prevailed in decorations.

Those present were Miss Maude Wetmore, Virgil Wettich, Jane Leicht, Helen Emerick, Helen Woods, Edith Carnes, Frances Amon, Frances Hyde, Mary Ellen Reimer, Susie Orlando, Effie and Maxine Stickle, Anna Swaney, Elizabeth Taylor, Sandy Rainey, Thelma Bumbaugh, Frances Frost and Hazel Smith.

ST. PATRICK'S PARTY

Plans are well under way for the March Epworth League party which will be Thursday evening in the Mahoning M. E. church basement. An interesting program has been planned for the evening. The evening's entertainment program will begin with dividing the persons present into two groups, namely the Murphys and the Kellys. There will be various contests and games. Also athletic stunts by class of boys taught by Henry Hamilton.

Committees in charge are Mrs. Henry Hamilton, in charge of entertainment; decorating in charge of Frances Hyde, Helen Emerick, Joe Wylie and David Sleppy; refreshment committee, Mrs. Q. E. Davy, Mildred Butts, Mrs. Zetta Birk, Eleanor Johns and Grace Wallace.

LOYAL WORKERS

The Loyal Workers class of the Madison Avenue Christian church had their monthly social in the form of a tureen dinner at six o'clock in the church dining room Tuesday evening. Nearly all members were present. A delicious dinner was enjoyed. Following the dinner the members of the class went to the home of Mrs. B. G. Freeburn on Ashland avenue and spent the rest of the evening with games and radio music.

Roaming Round With Richards

Some News, Some Views, But Mostly Just Observations Of Interesting Things Around New Castle.

Another trip into Pittsburgh last night to see New Castle give Monessen a lesson in the gentle art of caging baskets. And what a lesson that was! From the first tip-off to the last gun there never was any question as to which team was the better aid the play of the New Castle team showed just what can be done when the spirit of team work is kept in mind.

Monessen confidently expected to win that game. Oh my yes. They were in the Pitt Stadium with an enormous crowd of rooters, equipped with cowbells, horns and megaphones. Also they had their school band with them.

The Mon valley lads didn't get much chance to use their noise makers. They were too busy trying to catch up with the score to have anything to cheer over and about the only thing you can say for their team is that they tried hard, played clean and had pretty uniforms.

New Castle had a big crowd of rooters also. But no school band. Herr Gardner, the Master-at-Arms for the athletes of the New Castle high school promised last night that the Senior High school band would positively accompany the crowd on Friday night when conclusions would be tried with Duquesne.

That's a promise. The band well deserves to go down and while we're on the subject of the band here is another thought. The state competitions start very soon and New Castle should be in. The band also needs new uniforms. How to get new uniforms and go to the state competition is a highly interesting question.

Had the pleasure of watching a Pitt Cap and Gown club rehearsal while putting a phone call through last night. The Cap and Gown members are rehearsing for their spring production and 30 or 40 husky young lads, some of them built to specifications that would fill a Mack truck seat were going through their airy, fairy steps .One two, kick, bow, bend, side step, etc.

It may have been a "nawsty crack" yesterday when the editor laid a piece of telegraph news on my desk which said that a Pittsburgh widow 21 years of age, with a four year old son wanted a man of 30 years of age with $15,000 to marry her.

If the young lady reads the New Castle News she can cross me off the list. I wouldn't fit the specifications for several reasons .First I haven't got $15,000. Second I am not 30 years of age, I'm 35, third I do not want a tailor made family. Reasons four, five, six and eighty seven will be given upon application.

Had a visitor, or a couple of visitors, or a couple in one or whatever you can call Siamese Twins, this mornig Daisy and Violet Hilton came in to look over the plant and they certainly stick close together. They arent Siamese of course, they are American girls, but they were born joined together. The question in my mind is, if you held Daisy's hand, would Violet get a thrill out of it.

Up at New Wilmington tomorrow night the folks figure on burning down the Neshannock creek or something equally as violent. Banquet speeches, music, cheers or what am I offered, when the basketball banquet will be held. Yes thank you I'm going.

Just to run back to the New Castle-Monessen game last night. It was a wonderful demonstration of both cities on suporting high school athletics. When Monessen played Fifth avenue, Monessen had close to 1,000 fans there. Fifth avenue had but 37 including the team and coaches. All of which would indicate that the smaller cities have more interest in high school sports.

The gentlemanly officer who polices the side of the Pitt Stadium where New Castle sits seems to know basketball. Before the game started he said "New Castle should win this game tonight. They have the better team." Before leaving I asked him if he would care to prognosticate the Duquesne game. His reply was "Duquesne will be a tough opponent for New Castle, but if New Castle keeps going like they are tonight, they have the edge."

Late Fred Upham Retained Secret Of Bond Dealings

Late Republican National Treasurer Retained Secret Of Sinclair Bonds

TRUSTED EMPLOYES WITHOUT KNOWLEDGE

Former Secretary To G. O. P. Treasurer Tells Probers No Records Ever Kept

By WILLIAM K. HUTCHINSON,
International News Service Staff Correspondent.

WASHINGTON, Mar. 14.—The late Fred W. Upham, Republican national treasurer kept his handling of Harry F. Sinclair's Liberty Bonds a secret from even his own confidential employes, A. U. Leonard, former secretary to Upham, testified today at the senate's inquiry into the Continental Trading company's "slush fund."

Leonard said he thought James A. Patten, Chicago wheat king, was making a $25,000 gift to the Republican party when in fact Upham had given Patten $25,000 of the Sinclair bonds in exchange for the contribution.

Leonard testified that no records of the Liberty Bonds were ever kept. He also declared that all of Upham's personal correspondence and all records of contributions to the Republican party, except a card index file, were destroyed in 1924.

Committee Adjourns.

After hearing Leonard the senate committee adjourned to meet at 10:30 o'clock tomorrow morning in the federal building, Chicago.

The committee has subpoenaed 39 witnesses for the Chicago hearing.

While Leonard was on the stand, Senator Thomas J. Walsh (D.) of Montana, revealed that the committee had been informed that Upham once protested against the Teapot Dome reserve being leased to Sinclair. Leonard knew nothing about the protest.

Leonard first explained he was Upham's secretary from 1919 until his death in 1925 and had handled Upham's correspondence as Republican national treasurer.

"I do not know anything about any Liberty Bonds which Mr. Upham may have received from Mr. Hays" said Leonard. "He simply did not discuss that with me."

"Did Mr. Upham ever have any correspondence with any one about Liberty bonds?" asked Senator Walsh (D.) of Montana.

"No, sir."

Documents Destroyed.

Leonard said that Upham had turned over to his sucessor, W. V. Hodges of Denver a card index record of Republican contrjbutors. All other records including original documents were destroyed.

"Did you keep your stenographic notes of Mr. Upham's- correspondence?"

"No, they were destroyed when the other records were destroyed—some time after June 1924."

"What records were destroyed?"

"File after file of personal correspondence and other records connected with his treasureship."

Walsh brought in R. W. Stewart head of the Standard Oil of Indiana who defied the senate committee some weeks ago.

"Do you know Robert W. Stewart?"

"Yes, not intimately but I know who he is."

"Have you seen him in Mr. Upham's office?"

"No, I saw him with Mr. Upham at the Chicago club."

"Didn't Mr. Upham write a letter to Attorney General Daugherty or Postmaster General New protesting against an oil lease to Sinclair or the Sinclair interests?"

"Not that I know of."

"Do you assert such a letter was never written?"

"I don't recall it."

Fails to Recall Lease.

"Do you recall him writing Mr. New protesting against a lease being granted Mr. Stewart?"

"No I do not."

"What do you know about Col. Stewart's desire to get a lease of Teapot Dome?"

"Nothing at all."

Then Walsh turned to the $60,000 Liberty Bonds sent Upham by Hays.

"How could that transaction occur without it coming to your attention?"

"Mr. Upham had a steel lock box in his file" said Leonard. "If he got bonds he must have kept them in the safe and handled them himself. I did get a check from James A. Patten and I sent him a receipt for it. No one in the office knew anything about the Liberty Bonds. The first I ever heard of them was when it came out in the papers. I never heard of the bonds before that."

"Apparently conducted with considerable secrecy?"

"Yes."

The committee then adjourned to meet tomorrow in Chicago.

Mrs. Corbett's Case Is Started

Damage Suit For $250,000 Is Called In New York Court

FORMER NEW CASTLE WOMAN PLAINTIFF

(International News Service)

NEW YORK, March 14.—Opening a $250,000 damage suit in supreme court today, counsel for Mrs. Alice Corbett of New Castle, Pa., charged that Countess Andrea Marco Giuseppe Soranzo, the former Marquene Stevenson, stole his client's husband, James J. Corbett, while Mrs. Corbett was in a hospital giving birth to a child.

The countess, a society beauty and heiress, was scathingly attacked by Leo J. Schwartz, representing the plaintiff, who represented her as an "alcohol-loving siren". Schwartz charged that the countess first met Corbett at a hotel and that she and Corbett later went on a trip from which they returned in such a dunken condition that they had to be brought from a Pennsylvania station platform to the street level in a freight elevator.

Kenneth M. Spence, opening for the defense, expressed doubt that Alice Corbett was really Corbett's wife although he admitted that Corbett had gone through a "ceremony." According to Spence, Corbett maintained that, while he lived with Alice, she was not his wife.

Corbett was branded by Spence as a confirmed criminal who, posing as a single man of wealth and a university graduate, had duped Miss Stevenson into marriage.

Spence pointed out that in obtaining a license for their marriage in Buffalo, Corbett swore he was single.

No Decision Yet On Future Use Of Old Station

Councilman D. O. Davies today stated that colleagues and he have not yet decided the future use of the building which now houses the East Street fire equipment.

The new fire station which is being constructed in South Jefferson street will be completed within a month or more and the equipment can be transferred to the new building.

One of the suggestions which has been made is that some of the department of streets' equipment, temporarily be stored in the East street building.

There had been some discussion concerning the transfer of the police department to the East Street fire building and transfer of the treasury to the present police station rooms.

It was suggested that the present treasury room be rented after it had been vacated.

Police Squad Guards Hungarian Delegation

(International News Service)

NEW YORK, March 14.—The delegation of Hungarian statesmen here to participate in the unveiling of a monument tomorrow to Louis Kossuth, Hungarian patriot, was under heavy police guard today.

A small army of police was assigned to guard the visitors because of the riot which marred their arrival from Europe last night on the liner Olympic. Five hundred Hungarian Liberals, opposed to the Horthy Regime, congregated at the pier to demonstrate against the visitors.

Shouts of "a bomb" were raised when a terrific explosion rent the air. Police charged the demonstrators and drove them away, and the 2,000 persons on the pier were further startled when other policemen fired their revolvers into the air. Police used their nightsticks freely.

Joseph Nagy, 45, a laborer, of New Brunswick, N. J., was arrested when a bomb and revolver were found in his possession. The explosion which started the riot, however, was said to have been caused by an overcharge of powder in the flashlight of a photographer's camera. Rudolph Acold, the photographer, was burned seriously and was taken to a hospital.

Tervo Faces Jury On Serious Charge

Woman Tells How She Summoned Help That Resulted In Capture Of Tervo

John Nelson, alias John Tervo, was placed on trial before Judge R. L. Hildebrand in Lawrence county court this morning on a charge of assaulting Matilda Johnson, with whom he was out riding in an automobile. Miss Johnson claimed that Tervo drove up a little traveled road, leading off the New Castle-Butler road at a point near the Western Allegheny railroad overhead bridge, east of the city. She told of a desperate encounter which she had with Tervo after he had stopped his machine a short distance from the overhead bridge.

Mrs. Emma Fuse, who lives just over the brow of a hill from where the auto had been parked, testified that she was sitting in her home rocking her baby when she heard a woman scream. She ran out and found that the screams came from over the hill. Laying her baby down she ran to the brow of the hill, where she saw a woman struggling with a man by the roadside. She ran down past them to the home of a neighbor and notified him. She then ran down to the New Castle-Butler road, where she notified some men in a coal office and also stopped two automobiles.

The men went to the assistance of the woman. When Tervo saw them coming he left the woman lying in the ditch and started to run across a field. He was caught by a Mr. Barrett, from the coal office. Witness said that she heard Tervo offer Barrett $100, then $150 and finally $200 if he would let him go. Barrett refused and called the sheriff.

Mrs. Fuse testified that Tervo's face was scratched and bleeding from wounds inflicted by Miss Johnson, during the encounter.

"Doing Best Possible" Reeves States Today

Street Department Employes Are Trying To Alleviate Conditions

"The employes of the street department are doing everything possible to alleviate street conditions" said Councilman C. H. Reeves today.

Reeves stated that his telephone is ringing constantly and that citizens are asking for alleviation of conditions in different sections of the city.

"There are about 100 miles of dirt streets and the men are working hard. We will continue to do everything possible to help and will get around to the different streets as soon as possible" he stated today.

Annually at this time of year the street department faces a big problem. Weather conditions this year has softened the dirt streets. Last year rain played havoc with the thoroughfares.

Children Give Marionette Show

Children Of College Professor Give Puppet Show For Extension Class

Rebecca Lee and Jonathan Lee, children of a professor of Geneva College, assisted by Paul Braid, gave a marionette play at the Arthur McGill kindergarten Tuesday afternoon, the play being a demonstration for the extension class of Beaver College in "Types of Children's Literature".

The play, entitled "Sir Gareth", given by these children of about 11 years of age was most pleasing, and the more interesting when it was known that these children made the tiny figures, the stage, scenery and the strings by which the puppets are manipulated, as well as carry out the show.

They were brought to New Castle by Miss Tyla McDowell, teacher of the extension course. The demonstration was made yesterday on the stage of the Arthur McGill kindergarten, Miss Kate Stockman, kindergarten teacher, and Miss Miriam Harper, assistant kindergarten teacher, assisting in the arrangements.

Protruding Steps Being Removed

City council's order, issued recently declaring that all steps which protrude onto the sidewalks must be removed is being complied with in a number of instances and it is anticipated that all steps which council believes is a hazard to pedestrians will have been removed.

The Loss Of The Train

BILLY CODY'S FIRST TRIP AS AN EMPLOYEE OF THE RUSSELL, MAJORS AND WADDELL FREIGHTING COMPANY WAS EVENTFUL ENOUGH TO PLEASE ANYONE WHO CRAVED THRILLS AND EXCITEMENT. WHEN IT REACHED THE ROCKIES, THE WAGON TRAIN WAS HELD UP BY A LARGE PARTY OF MORMONS.

THE MORMONS BURNED MOST OF THE WAGONS AND DROVE OFF THE OXEN, BUT PERMITTED THE "BULL-WHACKERS" TO CONTINUE ON THEIR WAY TO FORT BRIDGER.

REACHING THE FORT, THE "BULL-WHACKERS" FOUND FOUR HUNDRED OF THEIR COMRADES, WITH MANY OF THE COMPANY'S WAGONS, PREPARING TO GO INTO WINTER QUARTERS. THE COLD THAT WINTER WAS UNUSUALLY INTENSE, FOOD WAS SCARCE, AND THE MEN AT FORT BRIDGER SUFFERED GREAT HARDSHIPS.

THE LONG WINTER PASSED. AND, AS SOON AS THE TRAIL WAS PASSABLE, TWO WAGON TRAINS, BOTH UNDER THE COMMAND OF MR. BIMPSON, SET OUT FROM FORT BRIDGER FOR LEAVENWORTH, KANSAS. BILLY CODY WENT ALONG WITH ONE OF THE TRAINS.

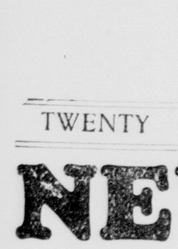
NEW CASTLE DEFEATS MONESSEN 26 TO 16

Locals Advance To Finals In Tourney By Brilliant Game

"Tony" Ostrosky And Alexander Outstanding Stars In Ten-Point Victory

Offense Of New Castle Team Shows Improvement; Pace Tells On Monessen

By "BUGS" WALTHER



PLAYING their best game of the year, the New Castle High school basketball team advanced to the finals in the W. I. A. A. L. tournament at Pittsburgh by a well earned decision over Monessen High on the Pitt Stadium floor on Tuesday night. The final score was 26 to 16. New Castle will meet Duquesne High on Friday night for the championship of western Pennsylvania.

Locals Play Great Game

New Castle High clearly portrayed the part of defending champions and also demonstrated their worthiness as the foe to battle the "Dukes" for the title. Flashing a faster attack than they have ever shown before, and executing play after play with clocklike precision, the red and black clad quintet throttled every effort of the highly touted Monessen High team to puncture the hoops.

From every standpoint the teams entered the semi-final battle last night on an even keel. Monessen High, up until last night, had had great success in their fight to remain in the tourney and bowled over Sewickley and Fifth Avenue as the stepping-stones to the semi-final round. New Castle drew a bye in the first round and defeated Monaca in the second round for the right to play Monessen. The Monongahela valley boys were rated high by the followers of scholastic basketball, and the cry went forth that if New Castle was stopped in their rush to another tourney victory that Monessen would be the team to do it. New Castle took the lead in the very first minute of play and the Lawrence countians were never headed.

Ostrosky Is Star

It was an inspired New Castle team that trampled the hopes of Monessen High. "Tony" Ostrosky, the stellar New Castle running guard, was the outstanding star of the battle. Time and time again Ostrosky took the ball from Monessen and advanced toward the New Castle goal and tallied points that kept New Castle in the van. Five baskets was the total of the lad for the evening and he led both teams in scoring. Alexander, the tall New Castle center, had good success in his quest for baskets and rang up three. George Paul, Monessen's ace-in-the-hole, was the big noise for the losers, with three baskets, while Carlson, the big blonde "Swede", caged a pair of baskets.

The game was one of the cleanest played of the tourney to date, with but 17 fouls called, 10 on New Castle and seven on Monessen. The game can be summed up by using that time-worn phrase, "a good big team proved too much for a smaller one". The entire Monessen team played a good game on the offense, but their defense failed to function.

New Castle Takes Lead

Promptly at 8 o'clock the teams faced each other, in the semi-final battle that would send the winner into the finals with Duquesne High. Not one minute after the whistle blew, New Castle had the lead, never to be headed throughout the entire contest. Alexander sank the first basket a beautiful long shot from almost the center of the court. Paul drew a foul when Sillman in his overanxiousness to keep the Monessen youth from scoring, fouled him, and the rival forward made good the free attempt. Ostrosky gave New Castle another point on a foul, and Paul dropped the first basket for Monessen that deadlocked the count at 3-3. Two baskets in rapid succession by Ostrosky gave New Castle a lead 7 to 3, at the end of the first quarter The play was mighty fast in the first chapter. Both teams were resorting to a close guarding game.

New Castle drew steadily away from Monessen at the beginning of the second quarter when Cuba and Reider sank baskets from the left side of the court. Carlson and Anderson sent the Monessen hopes soaring with two markers in rapid order, and with the score standing at 11 to 7 in New Castle's favor Captain Reider called time out. When play was resumed Paul dribbled down the court and caged a basket that sent the score to 11 to 9. Ostrosky caged his third bucket of the game just as the whistle blew ending the first half. New Castle led 13 to 9 at the end of the first stanza.

The New Castle team resorted to long shots as a means of getting past the Monessen defense and "Lady Luck" was certainly riding with the Lawrence County youngsters. Monessen experienced great difficulty in breaking through the Bridenbaugh defense and for some unknown reason they did not attempt to have long shots at the basket, instead they would attempt to dribble through the locals, but to no avail.

Monessen Is Lost

Following the ten-minute vacation between halves the New Castle team returned to the floor and proceeded to wade right in where they had left off. Sillman dropped one through the hoops, and Ostrosky followed suit, giving the locals a rather big lead for the kind of a game it was. Anderson caged a foul for Monessen that gave them a total of ten-points. Ostrosky secured his fifth basket of the game giving New Castle a lead of 19 to 10. Feldman counted one for Monessen and Reider followed with a bucket for the red and black. New Castle had a lead of 21 to 12 at the end of the third quarter. The Blue and White team seemed to sense the fact that they were steadily losing ground, and their play was somewhat slower in the third quarter. New Castle's superior passing and experience gave them a decided edge in the third period.

The fourth and final quarter of the game did not produce a lot of scoring. New Castle with a safe enough lead to all purposes, resorted to an exhibition of passing the ball and as far as possible keeping it in their own territory. Carlson caged a basket for the opponents in the start of the quarter and Alexander soon caged one for New Castle. With the score 23 to 14 in favor of New Castle, Monessen asked for time out.

Captain Reider annexed the final basket for the locals in the last two minutes of play a fine long shot that dropped through the hoops without ruffling the net. With New Castle on the long end of the count 26 to 16, Coach Philip H. Bridenbaugh sent in his entire second team, composed of Johnson and Kulich at the forwards, McClelland, at center, and Thomas and Richards at the guards.

Monessen High with their hopes gone, also sent in an entirely new team. The second teams of both schools were on the court for the finish of the battle.

New Castle secured one more point when "Tipp" Richards sank a foul attempt.

The game ended with New Castle in the lead 26 to 16.

VOLANT HIGH WINS VICTORY

Volant Takes Unexpected Victory Over East Brook 18 To 16

Quite an unexpected upset occurred in the County league on Tuesday night when Volant High defeated East Brook 18 to 16 in the season's windup for both teams. The game was played at East Brook.

The East Brook team had a lead of 9 to 3 at the end of the first quarter and at the end of the first half the Volant team led by a score of 12 to 11. The Volant team was never headed throughout the third and fourth periods and came through in brilliant fashion.

The work of Black the stellar Volant forward was a big feature of the game, this chap sank four baskets and was the big noise of the evening. Miller the Volant guard played the best game of his career and was a tower of strength to the up-country team. Time and time again Miller broke up the East Brook passing and sent the ball into Volant territory. It was the second league victory of the year for the Volant boys.

Ayers Is Named Team Captain

Sterling Guard Elected Head Of Westminster Champions

THREE LETTER MAN IN COLLEGE SPORTS

(Special To The News)

NEW WILMINGTON, Pa., March 14.—At a meeting of varsity letter men in the gymnasium yesterday afternoon, Charles Ayers of Canonsburg was unanimously elected captain of the 1929 Westminster varsity basketball team.

Ayers, a junior, has been a quiet, steady, consistent player for three seasons, improving each year but always playing a dependable game. He is well-liked by his teammates as is evinced by the unanimous election, and will make an ideal leader for the Titans next year.

As a three-letter man, Ayers plays guard or tackle in football, is a weight man in track, and plays guard on the basketball team. He has won two letters in football, two in track, and three in basketball.

To Ayers is given much credit for the showing made by the United Presbyterians against Grove City Saturday night. His return just in time to don a uniform and get into the game made considerable difference in the play of the Titans and heartened and inspired the players to play their best.

The new captain will be initiated into the vicissitudes of captaincy here Thursday night when he will be on the program at the basketball banquet as one of the speakers.

Plans Complete For Team Banquet

Westminster College To Honor Championship Team On Thursday Night

(Special To The News)

NEW WILMINGTON, March 14.—Graduate Manager A. A. McDonald announced yesterday that plans have been completed for the huge banquet to be given Coach Lawther and his 1928 championship basketball team in the United Presbyterian church Thursday night.

In addition to the coach, basketball squad, student managers, representatives of New Castle, Sharon, Youngstown and Pittsburgh newspapers and the faculty and alumni athletic committees, nearly 200 additional guests have requested tickets.

Attorney Roy Neville of Sharon, a graduate of Westminster in the class of 1902 and president of the alumni athletic council, will act as toastmaster. Speeches will be made by Coach Lawther, Captain Lewis, the captain-elect, Graduate Manager McDonald and President Wallace, James A. Stranahan, class of 1905 ,attorney at law in Mercer and vice president of the alumni association will give an address.

Presentation of the tri-state conference championship trophies, the gifts of Kaufman's department store of Pittsburgh, will be made by John Fruend, representing the store. Other presentations and special features will make he program one of the best ever given for a Westminster athletic team.

Some More Goalies — By Feg Murray

Hockey goalies are always interesting, possibly because they are so conspicuous in all their funny pads (certainly Solomon in all his glory was never arrayed like one of these) and because they are the court of last appeal on the momentous question of whether or not the puck shall knock the cage for a goal.

It would be an almost impossible task to select the best goal-minder in the National Hockey League because each has his ups and downs, and some have much better defenses in front of them than others. Little Roy Worters of Pittsburgh is awarded the palm by many hockey followers, and is a wonder at making almost impossible saves, especially when two opponents come at him at the same time.

Alex Connell, goalie of the world's champion Ottawa Senators, is called the "shut-out king" of the league, and justified that title recently by holding his opponents scoreless for six and a half consecutive hours of hockey. Hal Winkler of those Bruising Bruins of Boston, has a large following, and Col. Hammond of the Rangers, and Ranger fans are proud of Lorne Chabot, who succeeded him in New York.

Last, but not least, is little Vernon "Blackie" Forbes, whose acrobatic work has featured many a hard tussle on the ice. Forbes is a chesty little bird, and much of the credit for the New York Americans' change of form must be given to his comeback to major league hockey.

Feg Murray Says—

No, Esmeralda, Les Patrick is not related to "Les Canadiens".

Large Crowd Sees New Castle Defeat Monessen Quintet

Estimate 2,500 At Pitt Stadium On Tuesday Night For Semi-Final Game

New Castle and Monessen were well supported in their semi-final battle at the Pitt stadium on Tuesday night. It is estimated by W. P. I. A. L. officials that about 2,500 witnessed the game.

The New Castle "special train" steamed out of this city at 5:35 o'clock and carried close to 300 students and townspeople. The return trip from Pittsburgh was started at 10:15 and the special pulled into the P. & L. E. station at 11:30 o'clock.

The New Castle team, headed by Faculty Manager Ralph H. Gardner, left New Castle on the 2:49 P. & L. E. train on Tuesday afternoon and arrived in Pittsburgh at 4:30.

Quite a number from New Castle drove to Pittsburgh in machines and the total New Castle delegation was close to 1,000. Monessen sent well over 1,000 followers to the stadium.

Will Play Boys Games Saturday

League Games Are Postponed From Saturday, March 10

Games in the boys' basketball league, sponsored by the New Castle Y. M. C. A., which were to have been played Saturday, March 10, will be played Saturday, March 17, it is announced today by Henry McNichols, assistant to the physical director.

One reason for the postponement is that last Saturday the Y. M. C. A. gymnasium floor was used for the inter-association basketball tournament.

Athletics Improved For Coming Season

Connie Mack Well Satisfied With His $100,000 Outfield, Cobb, Speaker, Simmons

Philadelphia Pitchers Only Doubtful Part Of 1928 Combination

By DAVIS J. WALSH
Sports Editor International News Service

FORT MYERS, Fla., March 13.—Well, it seems there were three men in a boat, if Berton Braley will only pardon me, and they got along so famously that when they lost their oars they all agreed to let the shad row, which reminds me of the fact that Connie Mack also told a good one today. It was about three men in his outfield and the fact that there would be no clash of interests involving Ty Cobb, Tris Speaker and Al Simmons, prima donnas all.

This trio represents approximately $100,000 worth of outfielding temperament, and between one thing and another, mostly the latter, they might be expected from time to time to regard one another slightly askance or maybe askew. But Mr. Mack said today they wouldn't. It seems that he has solved the problem of pleasing everybody and affronting none by the simple expedient of letting Cobb, Speaker and Simmons go into a huddle to decide amicably just which of the three fields they prefer to adorn.

Speaker in Left Field

"Speaker already has informed me that he stands ready to play left field if Simmons prefers to remain in center," Mr. Mack said. "However, this is something they will have to settle among themselves. All of them are fine outfielders and fully capable of playing any of the three fields, so any alignment they agree upon will be all right with me."

Frankly, he probably has his own preferences, but, at that, it is likely he has decided he would rather have peace in the family than Speaker in center field.

This, if true, takes care of Speaker and Simmons. But Cobb is yet to be placated.

The fact of the matter is that Cobb doesn't want to play right field. He feels that he can give a much smoother performance in center.

Has No Problems

However, as Mr. Mack claims, this isn't a problem he faces. In fact, he has no problems. The outfit is just as sound as it was last year, which means there is really nothing to be done except to let nature take its course. The Athletics had a good club then; they probably have a better one now.

Connie cites four reasons why he thinks this is so. The first is Speaker.

Reason number 2 is the fact that pennant talk is strictly taboo at this nether end of the peninsula.

Reason number 3 is the fact that Joe Hauser, according to Connie, has proved beyond all argument that he can and will come back as a first baseman. Number 4 takes cognizance of a slow curve Bob Grove is alleged to have added to his fast ball, the left-hander having discovered that one cannot hope to throw them past the batters all afternoon.

Otherwise, the Athletics are much the same ball club. Hauser, a fine first baseman a few years ago, now is said to look better than ever.

Dykes in Utility Role

But Jimmy Dykes is being considered in the light of a utility first baseman, also a utility third baseman in case Sammy Hale, the Texan, fails to click. Samuel, however, has been clicking like a time clock for upward of three years. Another two-way utility man is Jimmy Fox. He is third catcher, also third first baseman and third baseman, which probably means that he will get in a ball game at least once a month.

The keystone pair are Max Bishop, the Baltimorean, and Joe Boley of Mahaney City. Edward Trowbridge Collins almost is no more, except as a coach and pinch hitter. This was the infield personnel that Cornelius announced yesterday, but today he became just a bit maudlin over the embryonic ability he had discerned in the person of Joe Hassler, infielder from Fort Smith, Ark., and Waterbury, Conn. He alluded to Hassler as one of the best prospects he ever had seen, and it is the general understanding that Cornelius has seen some few. Hassler may go out, but he will be back.

Good Reserves

Cobb, Speaker and Simmons form the regular outfield, with Walter French, Moorestown, N. J., and Edmund "Bing" Miller of Vinton, Ia., as reserves. That means that Dewitt Lebourveau, the much tried-and-found-wanting Placerville, Calif., outfielder, is going far, far away again. So is George Haas, up from Atlanta, but Connie likes them both and may yet find some method of expressing his appreciation more adequately. Haas, anyhow, will be sent out on option, but this may be Lebourveau's last chance.

Gordon Cochrane and Ralph Perkins are the other regular catchers, in addition to Foxx, the Athletics being so strong in this department that they didn't take a recruit catcher South.

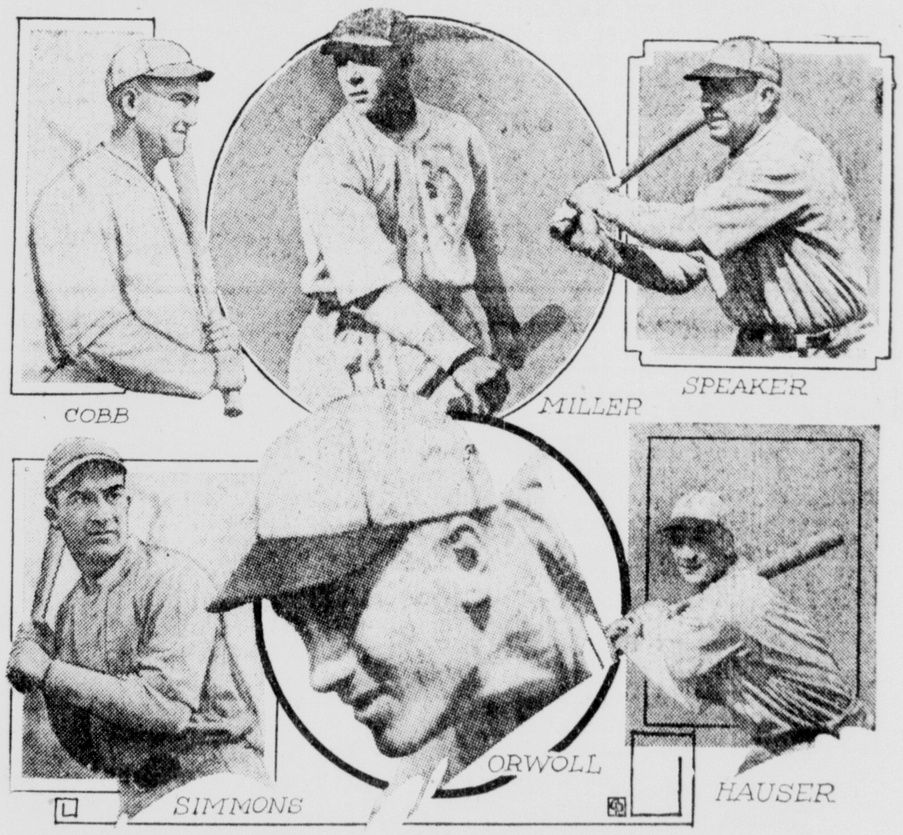
They are equally strong in pitching, with Howard Ehmke and Rommel going particularly well at this moment. The rest of the big shots are Grove, "Jing" Johnson, Bethlehem Pa.; Ossie Orwell, the American Association star left-hand hitter; Jack Quinn, the ancient salivary gland; George Walberg, who has it in him to be the best left-hander in the league; and old Joe Bush, back again where he started many years ago. Two more will be selected from among Claude Jonnard, up again from Milwaukee; Bob Potter, a left-handed semi-pro; Lyons, another back lot pick-up, and Bill Shores, from Waco, and Lloyd Powers, Hancock, Md., left-handers. Powers, Lyons and Shores are leading the way in the juvenile stakes.

Cellmates, there is some pretty fair pitching in the array. In fact, it is a pretty fair ball club. Taken all around, although I am not so sure whether you can take it, at that.

New Castle To Play Wierton Polo Team

New Castle and Wierton will stage a rollo polo match at the Armory tonight according to announcement today. New Castle has a fairly good team and hopes to defeat Wierton. The game will start at 10 o'clock. While the first team is playing here the second team will play at Saxonburg.

THESE ATHLETICS HOPE TO OUTSLUG YANKEES



Connie Mack's hopes of an American league pennant for Philadelphia depends greatly on the war clubs of this gang. The ambitious Athletics who believe they can outhit the slugging Yanks include Ty Cobb, Al Simmons, Tris Speaker, Bing Miller, Ossie Orwoll and Joe Hauser.

Overlands To Play Liberty Five Tonight

First Game Of Series For City League Championship To Be Played Tonight

PRELIMINARY GAME STARTS AT 8 O'CLOCK

Tonight at the Y. M. C. A. court the Rick-Overlands, winners of the first half of the City League, and the Liberty Five, winners of the second half of the loop, will tangle in the first game of the championship series. The preliminary game will start at eight o'clock.

The Athletics, runners-up to the Liberty Five for the title in the second half of the schedule, will play the highly touted Shamrocks team in the preliminary game. The Athletics are the favorites to defeat the Shamrocks. The Shamrocks are laying claim to the junior championship of the city.

The Rick-Overlands, with Hartman and Carmody in their line-up, are the favorites over the Liberty Five. "Hank" Nocera, former Overland player, has joined the ranks of the Liberty Five and will give them additional strength in their battle tonight.

The teams will play the best out of three games for the title. The next game will be staged later in the week.

Both teams are on edge for this important series and the fans can rest assured that they will witness a fast attraction.

THE MAJORITY

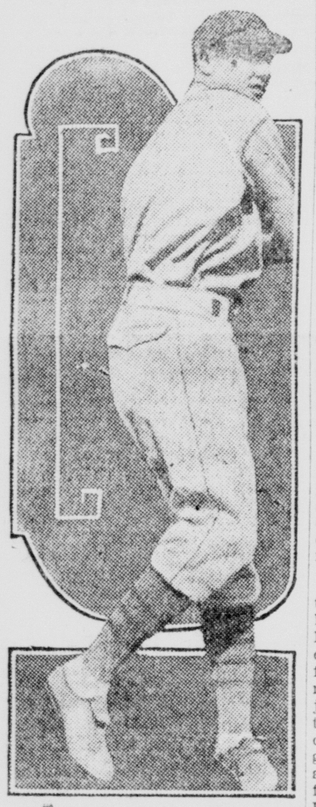
Accused: "What are four people? I can bring millions who did not see me."

No. 1 for Lou



Not a homer but a hit, the first of the season for him, has just been clouted out by Mr. Lou Gehrig, of the home run department of the New York Yanks. Lou is smiling because it has begun to rain in the training camp at St. Petersburg, Fla., and that **means no more work for the day.**

REDS' BOSS PREFERS MOUND ACE TO HORNSBY

Manager Jack Hendricks, of the Cincinnati Reds, refused to trade Adolpho Luque for Rogers Hornsby or Vic Aldridge, indicating that he prefers to stand pat with his club now in training at Orlando, Fla.

HERE AND THERE IN SPORTS' LAND

By ED. FRITZ

Gene Sarazen, former national open golf champ and Johnny Farrell, New York, today hold the International four-ball title having won from Tommy Armour, American titleholder and Bob Cruickshank, New York, 2 and 1. A sensational comeback in the final nine hole round gave the Sarazen-Cruickshank team the match.

Arthur Newton is still leading "Cross Country" Pyle's Bunion race. He jogged from Oatman to Kingman, Ariz., 28.8 miles in four hours and three minutes. His time for the 345.7 miles is 53 hours and 22 minutes. Paul Simpson, Charlotte, N. C. followed Newton. Billy Busch, Pittsburgh, collapsed, but is back in the race. Lin Dilks, New Castle, at last reports was still going seventh. If Lin can keep going and maintain his pace he may surprise the world when he reaches midwest territory. If he had the heart to keep his position through the desert and the climate of the far west he will find running easier as he near the midwest. The field of runners is being cut down daily by drop outs and 124 started yesterday from Oatman.

Army will play football with Harvard in 1929 and for two successive years according to an agreement adopted by the Army Athletic association. No definite dates have been decided upon as yet. The elevens have not clashed since 1910.

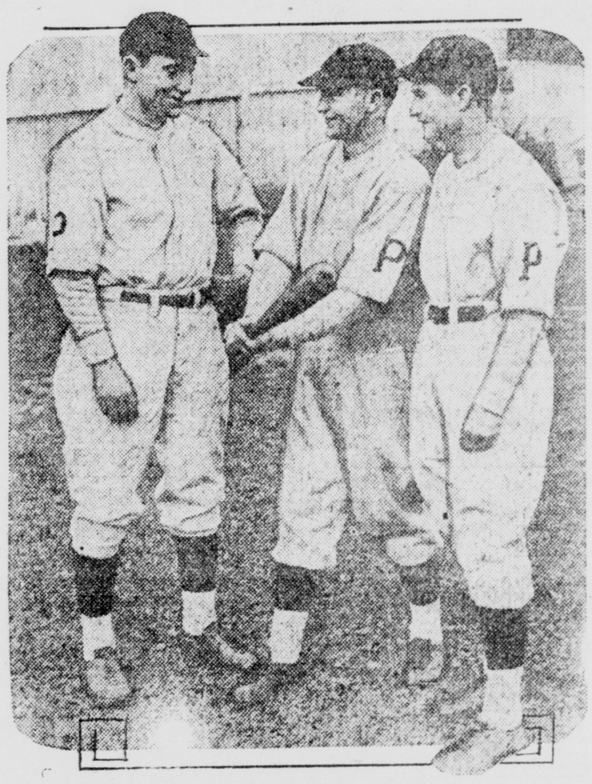
A campaign to place Emmett Rocco, tarzan of the Connoquenessing, was launched last night when Billy Jolly, H. M. Goldberg, Reick Ice Cream company manager, Tom McMahon, former heavyweight boxer, Joe Cumo, manager of Rocco and the writer journeyed to Cleveland to urge a battle between Johnny Risko and Rocco at Cleveland this summer. The group called upon Jimmie Dunn and asked Jimmie to use whatever influence he had to further the match. Risko's manager is Jimmy Dunn a former resident of this city. Rocco is one of the best heavyweights in his class and like Johnny is a puncher and a boy who can not only go the route but stand the gaff. He is recovering from a siege of la grippe and as soon as he recovers fully will accept dates for several warming-up bouts. Rocco is a mighty fine boy, a good fighter and will get into the big money if he gets a chance to show himself against some good heavyweight in a big city. Every member of the fistic fraternity in this section is solidly aligned with Cumo in his efforts to present Rocco to the fistic public and it may not be long until the Ellwood City lad resumes his ring career and commences a determined campaign to mix with the big guns of the heavyweight division.

Fans who like cleverness and rough and ready battling will have their appetites fully appeased next Monday night when Bill Jolly, ringmaster at the Jolly Fistic circus, cracks his whip at the Old Armory. Last night he signed the documents that will bring four of the cleverest boxers and also four of the hardest punching pugilists to the circus. In the last bout Mickie Dugan of Cleveland will box Johnny Kusick of Youngstown and in the semi-final Frankie Rio of Cleveland will battle Bud Bollender of Youngstown. These two bouts themselves would be enough to attract the boys who like to see the Prancing Pugs while the first two bouts will bring together Young Kulkin and Emil Smalnik, alias Small Neck, heavyweights, and Joe Borden vs Oscar Gardner, lightweights. Al Zill has placed the stamp of approval on Kusick and Bollender and he believes they have a good chance of beating Dugan and Rio.

Raymond Bressler, hard hitting outfielder, bought himself from Cincinnati and sold his services to the Dodgers yesterday. Bressler has been with the Reds since 1917. He showed keen financial ability. He bought his release at the waiver price of $4,000 and sold it to Brooklyn for $5,000, thus insuring himself of a new spring outfit.

One more seeded player was eliminated at New York in the fourth round of the men's national indoor net meet yesterday when Horace Orser, Princeton, lost in straight sets to Ed Jenkins of New York, 6-3, 6-0. Orser is the fourth seeded player to be defeated in the early rounds.

WANER BOYS ARE NOW "TRIPLETS"



A third Waner baseball player is trying to land a job with the Pittsburgh Pirates. This time it's Travea Waner, cousin of the Waner brother stars. Travea is shown at the left getting points from Paul Waner, National league batting star, on how to hold the stick, while Lloyd, Paul's brother, looks on.

dies, Company B., Hillsville, West Pittsburg and Edenburg.

All other teams in Lawrence county seeking admittance to the league are asked to have representatives present. Last year was a mighty successful one for the Twilight League, and plans are under way to make the league this year one of the best in the history of the county.

Setting the Pace

Joey Schaaf, left guard of the University of Pennsylvania basketball team, has scored 104 points in league games and is leading scorer of the Intercollegiate Basketball League. He is on his way to set a new record for high scoring in the league

HOME RUN TWINS UNITED AGAIN

Lou Gehrig, left, and his bat-busting buddy, Babe Ruth, get together at Crescent Lake park, St. Petersburg, Fla., to train for their dual campaign to break the Ruth home run record of 60 this season.

Twilight League Managers To Meet

The first meeting of the year for the Twilight League will be held at the Sporting Goods Store at 7:30 o'clock on Thursday night.

The following teams, members of the league last season, are asked to send representatives to the meeting: Ryantown, South Hills, National Radiator Colored Stars, Lawrence In-

Shamrocks Lose To Falcons Five

Polish Falcons Take Lead In First Period And Win Game

Polish Falcons defeated the Shamrock five 34 to 26 on the Falcons floor in one of the best basketball games of the season, last night.

The Falcons took the lead when Kolodjeski caged two field goals in succession and at the end of the first quarter the Shamrocks trailed by six points.

At the end of the first half the score was 19 to 10 and though the Shamrocks tried hard to overcome the lead failed in the third and last periods.

Panas and A. Mehalic played a good game for the Shamrocks, which is one of the fastest outfits in this section, but the Shamrocks could not beat the Falcons last night.

The lineup:

Shamrocks 26		Polish Falcons 34
J. Mehalic	F.	Kolodjeski
A. Mehalic	F.	Frankovich
Panas	C.	Dobelek
Burns	G.	Pszenny
Sheridan	G.	Dudek

Substitute—Tyrell.

Field goals—Frankovich 5, Pszenny 4, Kolodjeski 3, Dobelek, Panas 4, A. Mehalic 2, Sheridan 2, Tyrell.

Fouls—Polish Falcons 8 out of 17, Shamrocks 8 out of 19.

Timer, Pszenny; scorer, Kolodjeski, and referee, Ostrosky.

Sportraits

Georges Carpentier

Mr. Georges Carpentier (M'sieur Georges Carpongyay) so says Dame Rumor, the gabby old witch, is about to return to the prize ring and attempt what the boys know as a "comeback".

Carp has been dancing on the stage all these years since Jack Dempsey destroyed all his heavyweight ambitions, but now he'd like to dance once more in the ring for heavy sums of U. S. coin.

The gorgeous Georges began fighting as a flyweight in 1908, and has fought in all divisions since, up to heavyweight. Though retired, and 34 years old, he is still considered by the French as their heavyweight champion.

Sport Ritticisms

By BILL RITT

They should never have fired that American league rookie down in New Orleans just because he was a poet. Anyone who could write poetry after watching a lot of left-handers in action is a genius.

* * *

Poetry shouldn't be sneezed at. Kipling never had to stand out in the sun playing host to fly balls, and yet he can buy and sell any red neck in the bushes.

* * *

SIR WALTER SCOTT WAS ANOTHER HOT NUMBER WHO HIT .900 IN THE STANZA LEAGUE. HE WAS A MAJOR LEAGUER 100 YEARS BEFORE THE FIRST ROOKIE WAS BORN, AND HE STILL IS RATED IN THE BIG TIME.

* * *

All a poet does is find words that sound like twins—and he gets paid for it! Besides pushing a pen never gave anyone a Charley horse.

N. Y. STOCKS

By JAMES L. KILGALLEN
International News Service Staff Correspondent

NEW York, March 14—Wall Street, where fortunes have been made and lost in the twinkling of an eye, today watched with undisguised interest every move of Michael J. Meehan, familiarly known as "Mike," who, almost single-handed, has engineered the sensational rise in Radio common which has shot up that stock 61¾ points in four days of trading.

In that short time Meehan, who twenty years ago was selling tickets at a Broadway theatrical ticket agency accumulated for himself a fortune which brokers variously estimate from $5,000,000 to $15,000,000. He has suddenly become the "biggest man" in speculative Wall Street overshadowing Durant, Cutten, Livermore and the Fisher brothers.

The speculative gyrations in Radio have influenced the rest of the stock market tremendously in the last week or more and his precipitated the biggest and broadest markets in the history of the exchange.

Meehan, a quiet, little man with a twinkling Irish eye, is the "Specialist" in Radio common. He literally and actually "made the move" in Radio. As the specialist in the stock all buying and selling orders on the floor of the stock exchange must pass through his hands, or through those of his associates. He is said to have started his accumulation of Radio when the stock was selling between 85 and 90. Radio closed last night at 146.

He is not the only big winner in Radio, however. Arthur Cutten, the famous Chicago operator, is said to have made several millions out of the advance in the stock. John J. Raskob, genius of the DuPont and General Motors organizations, has made a fortune and Matlew C. Brush, head of American International Corporation and one of Wall Street's leading figures, has enjoyed a big share of the profits. Other financial and industrial leaders have made small fortunes out of Radio in the last few days.

Cries of "a corner!" have gone up repeatedly since Radio started to shoot upward. The situation became so accute that the stock exchange sent out a questionnaire requiring all member firms to report their position on the stock. It was reported that many traders caught "short" had complained to the exchange.

The identity of the "big bears" who have suffered tremendous losses is clouded in mystery. In the aggregate they have dropped millions.

General James G. Harbord, president of the Radio Corporation of America, said he knew of "no internal reason" for the activity of Radio stock.

Radio dropped eight points to 138 at the opening this morning but quickly reacted to 142½. Trading was brisk, in blocks as high as 5,000 shares.

NEW YORK, March 14—After an irregular opening, featured by an 8-point drop in Radio and a 5¾ point jump in American Linseed, trading in the stock market developed a more orderly pace today, the volume of big-block transactions fell off and price fluctuations in the speculative favorites were somewhat narrow as compared with the two previous sessions of the week.

Radio declined to 138 in the first transaction, which compares with yesterday's opening price of 160 and closing price of 146. American Linseed's advance to 100 completed a gain of about 16 point since yesterday noon, mostly at the expense of a badly trapped short interest. International Nickel returned to 91 after having dropped about 10 points near the end of Tuesday's session. American can was a favorite in the dividend industrials, and speculative buying of the St. Paul and Pacific featured the rails.

Lindbergh Lands In Washington, D. C.

(International News Service)

WASHINGTON, March 14.—Col. Charles A. Lindbergh landed at Bolling Field a few minutes before noon today, having flown from Coatesville, Pa., where he was forced down last night because of the fog.

Lindbergh was accompanied by Henry Breckenridge, his attorney. They immediately left the field, refusing to disclose their destination or future plans.

Council Agrees Upon Some Improvements

West Washington Street To Be Resurfaced To City Line

NEW SANITARY SEWER TO BE LAID

West Washington street, between Front street and the city line is to be resurfaced this spring or summer, it was stated by Councilmen Davies and Reeves today at the city building.

In addition to this Sixth Ward improvement the city plans to grade and pave Greenwood avenue between West Washington and State street and to purchase; then remove two buildings which block view.

Although all of the improvements which are to be made have not yet been decided on, the councilmen stated that have been agreed upon follows:—

Paving:—Albert, between Leasure and Norwood; Greenwood between State and Washington and Leasure, 600 feet west of Wilmington; Sheridan between Highland and Mercer street.

Resurfacing: Long, between Hamilton and Belmont; Hamilton, between Long and Galbreath; Market Alley between Mill and Mercer and Apple Way between Washington and South Street; West Washington, Front to City Line.

Sanitary Sewer: South Liberty St. to furnish relief in the district south of the B. & O. tracks.

An ejector station is to be built at the extreme southern point of South Liberty street.
